# NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND (NGCDF) KASIPUL CONSTITUENCY **Reports and Financial Statements** For the year ended June 30, 2020 Emerging Issues Related to the NG-CDF The restrictive nature of the NG-CDF Act in terms of the nature of projects to be funded, makes certain vital projects within the community not to be undertaken as some fall under the devolved functions Implementation Challenges and Recommended Way Forward Late disbursement of project funds leads to proposed projects not being implemented within the financial year, hence delays which in turn lead to rise in project costs and other unforeseen occurrences, and students not being awarded bursaries in coherent with the schools calendar, hence students and pupils retention in learning institutions is greatly affected negatively. Public's inability to distinguish national government functions as pertains NG-CDF and devolved functions pertaining to county governments, as such frequent development forums and awareness forums should be held to intuit the public with information concerning the development initiatives and the jurisdiction of the various development partners and stakeholders NG-CDF funds has become the panacea of most rural projects in the constituency, however due to limited allocation the locals aspirations cannot be met promptly, as such the allocation to NG-CDF should be increased to enable more development initiatives to be undertaken

	5. COMMUNITY ENGAGEMENTS
	Public Participation in Project Identification and Implementation and Monitoring The NG-Constituency Development Act 2015 stipulates in part 5 section 27 subsection 1 and 2 that the chairperson of the NG-CDFC shall, within the first year of the commencement of a new Parliament and at least once every two years thereafter, convene open forum public meetings in every ward in the constituency to deliberate on development matters in the ward and in the constituency.
	The NG-CDFC shall then deliberate on project proposals from all the wards in the constituency and any other projects which the Constituency Committee considers beneficial to the constituency, including joint projects with other constituencies, consider the national development plans and policies and the constituency strategic development plan, and identify a list of priority projects, both immediate and long term, out of which the list of projects to be submitted in accordance with the Act shall be drawn from. There after the list of proposed constituency based projects to be covered under this Act shall be submitted by NG-CDFC to the Board.
	Public participation is the process that directly engages the concerned stakeholders in decision-making and gives full consideration to public input in making that decision.
	Public's engagement is a vital part of many projects and the benefits of it are well documented, such as better outcomes for all stakeholders, community ownership and lower project costs. When the public is involved in a project, they feel motivated to work together, recognize the benefits of their involvement and have ownership of the projects and the decision making process, which is key to a successful project outcome and their sustainability.
	Effective public engagement is about recognising that involving the public in a project is no longer about information dissemination and telling the people what is being done, but is a two-way information sharing tool. The more views gathered in the process of making a decision, the more likely the final product will meet the most needs and address the most concerns possible.
	<ul> <li>In summary stakeholders participation is important since:</li> <li>Providing information helps them understand the issues, options, and solutions available for the projects</li> <li>Consulting with the public aids in obtaining their feedback on alternatives or decisions</li> <li>Involving the public to ensures their concerns are considered throughout the decision process, particularly in the development of decision criteria, options and preferred solutions that are workable, efficient and sustainable .</li> </ul>
	Public Awareness This includes mechanisms for participation and cooperation with local, regional and national agencies, and for conducting community-based needs assessments and public awareness campaigns and holding community meetings

REPORT OF THE AUDITOR-GENERAL ON NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND - KASIPUL CONSTITUENCY FOR THE YEAR ENDED 30 JUNE, 2020

## REPORT ON THE FINANCIAL STATEMENTS

# **Qualified Opinion**

I have audited the accompanying financial statements of National Government Constituencies Development Fund - Kasipul Constituency set out on pages 26 to 65, which comprise the statement of assets and liabilities as at 30 June, 2020, and the statement receipts and payments, statement of cash flows and summary statement of appropriation - recurrent and development combined for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effect of the matters described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the National Government Constituencies Development Fund - Kasipul Constituency as at 30 June, 2020, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Public Finance Management Act, 2012 and the National Government Constituencies Development Fund Act, 2015.

### **Basis for Qualified Opinion**

## 1.0 Summary Statement of Appropriation

Included in the summary statement of appropriation-recurrent and development combined for the year ended 30 June, 2019 are adjustments of Kshs.64,739,328 for both receipts and payments. The adjustments are in respect to payments for compensation of employees, use of goods and services, transfers to other government units, other grants and transfers, acquisition of assets and other payments of Kshs.486,030, Kshs.4,547,745, Kshs.29,704,204, Kshs.28,939,150, Kshs.550,000 and Kshs.512,199 respectively. However, detailed schedule of the projects and programmes in the approved code list for the prior year which were to be funded during the 2019/2020 financial was not provided for audit review.

In the circumstances, the accuracy and completeness of the summary statement of appropriation for the year ended 30 June, 2020 could not be confirmed.

# 2.0 Project Management Committee (PMC) Accounts

Annex 5 to the financial statements reflects Kshs.11,184,421 in respect to bank balances for PMC accounts as at 30 June, 2020. However, Management did not provide respective cash books and bank reconciliation statements for audit review.

Consequently, the accuracy, validity and completeness of the project management committee accounts balance of Kshs.11,184,421 as at 30 June, 2020 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the National Government Constituencies Development Fund - Kasipul Constituency Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

# **Key Audit Matters**

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There are no key audit matters to report in the year under review.

#### Other Matter

## **Budgetary Control and Performance**

The summary statement of appropriation reflects final receipts budget and actual on comparable basis of Kshs.202,107,052 and Kshs.132,739,329 respectively resulting to an under-funding of Kshs.69,367,724 or 34% of the budget. Similarly, the Fund expended Kshs.127,308,372 against an approved budget of Kshs.202,107,052 resulting to an under-expenditure of Kshs.74,798,680 or 37% of the budget.

The underfunding and underperformance affected the planned activities and may have impacted negatively on service delivery to the residents of Kasipul Constituency.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

## Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, except for the matters described in the Basis for Conclusion on Lawfulness and Effectiveness in Use of Public Resources sections of my report, I confirm that, nothing else has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

### **Basis for Conclusion**

## 1.0 Key Ongoing Projects

Review of projects implementation status report provided for audit review revealed that ten (10) projects with budgeted cost of Kshs.11,200,204 were on-going as at

30 June, 2020. Physical verification of the projects revealed unsatisfactory matters as summarized in **Appendix I**.

Although the projects had been planned to be completed by 30 June, 2020, as at the time of audit in January, 2021, the projects had not been completed. The slow pace of projects implementation may negatively affect goods and service delivery to the residents of Kisipul Constituency and the intended purpose of the projects may not be actualized.

### 2.0 Transfer to Other Government Entities

### 2.1 Construction of One Storey Dormitory at Wire Secondary

Note 6 to the financial statements reflects Kshs.68,264,204.00 in respect to transfers to other Government entities which includes Kshs.37,854,204 in respect to transfers to Secondary Schools of which further includes Kshs.900,000 for construction of one storey dormitory at Wire Secondary. Physical verification of the project on 21 January, 2021 revealed that the one storey building is not supported by a strong foundation thus increasing risk of collapsing. It was also noted that the project is labour based and of poor workmanship.

Consequently, the regularity and value for money of expenditure of Kshs.900,000 for the year ended 30 June, 2020 could not be confirmed.

# 3.0 Reallocation of Funds Without Authority from The Board

Note 6 to the financial statements reflects Kshs.30,410,000 in respect to transfers to Primary Schools which includes Kshs.1,780,000 for construction of classrooms at two primary schools as detailed below:-

School	Approved Works/Activity	Change to	Amount Paid Kshs.
Kaditonge Primary School	Renovations of 3 classrooms and fencing	Construction of one classroom to completion and fencing	1,030,000
Saye Primary School	Renovations of 3 classrooms	Construction of one classroom to completion	750,000
Total			1,780,000

The two schools received funding for renovations of classrooms, however, according to the schedule provided for audit review, there was a change of activities without seeking approval from the NGCDF Board. This is contrary to section Section 6(2) of the National Government Constituency Development Fund Act, 2015 that states that once funds are allocated for a particular project, they shall remain allocated for that project and may only be re-allocated for any other purpose during the financial year with approval of the NGCDF Board. Further, Project Management Committees should only implement approved projects.

Consequently, the Fund Management is in breach of the Law.

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

### **Basis for Conclusion**

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

## Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Fund's ability to sustain services, disclosing, as applicable, matters related sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Fund or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the financial reporting process, reviewing the effectiveness of how the Management Fund monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities

in relation to governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

# Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

 Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Fund's ability to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Fund to cease sustaining its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Fund to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

### SIGNIFICANT ACCOUNTING POLICIES

### External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

Grants and loans shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary.

In case of grant/loan in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice. A similar recognition criteria is applied for loans received in the form of a direct payment.

During the year ended 30<sup>th</sup> June 2020, there were no instances of non-compliance with terms and conditions which have resulted in cancellation of external assistance loans.

### Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements the time associated cash is received.

### b) Recognition of payments

The Entity recognises all payments when the event occurs and the related cash has actually been paid out by the Entity.

### Compensation of Employees

Salaries and wages, allowances, statutory contribution for employees are recognized in the period when the compensation is paid.

### Use of Goods and Services

Goods and services are recognized as payments in the period when the goods/services are paid for. Such expenses, if not paid during the period where goods/services are consumed, shall be disclosed as pending bills.

### Acquisition of Fixed Assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the financial statements.

-	NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND (NGCDF) –
7	KASIPUL CONSTITUENCY Reports and Financial Statements
-	For the year ended June 30, 2020
	SIGNIFICANT ACCOUNTING POLICIES
	5. In-kind contributions In-kind contributions are donations that are made to the Entity in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Entity includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.
	6. Cash and Cash Equivalents Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.
	7. Accounts Receivable For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year are treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.
	8. Accounts Payable For the purposes of these financial statements, deposits and retentions held on behalf of third parties have been recognized on an accrual basis (as accounts payables). This is in recognition of the government practice of retaining a portion of contracted services and works pending fulfilment of obligations by the contractor and to hold deposits on behalf of third parties. This is an enhancement to the cash accounting policy adopted by National Government Ministries and Agencies. Other liabilities including pending bills are disclosed in the financial statements.
	9. Pending Bills Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Entity at the end of the year. When the pending bills are finally settled, such payments are included in the Statement of Receipts and Payments in the year in which the payments are made.
	10. Unutilized Fund Unutilized funds consist of bank balances in the constituency account and funds not yet disbursed by the Board to the constituency at the end of the financial year. These balances are available for use in the subsequent financial year to fund projects approved in the respective prior financial years consistent with sec 6(2) and sec 7(2) of NGCDF Act, 2015.

NATIONAL GOVERNMENT CONSTITUENCIES DEVELOPMENT FUND (NGCDF) - KASIPUL CONSTITUENCY Reports and Financial Statements

# PROGRESS ON FOLLOW UP OF AUDITOR RECOMMENDATIONS

For the year ended June 30, 2020

The following is the summary of issues raised by the external auditor, and management comments that were provided to the auditor. We have nominated focal persons to resolve the various issues as shown below with the associated time frame within which we expect the issues to be resolved.

KSI/HUB/KASIPUL CDF/2018/2019 (10)P	KSI/HUB/KASIPUL CDF/2018/2019 (10)	Reference No. on the external audit Report
Included in the statements of receipts and payments is a figure of Kshs. 4,189,828 as other payments for Information and Commination Authority (ICT) HUB. Kasipul NG-CDF entered into contract with Digital World and Ministry of Information and Communication, for installation and commissioning of ICT equipment at four (4) resource centers.	Low absorption of funds means that the public failed to receive services for the unutilised funds.	Issue / Observations from Auditor
Three sites (Oyugis Town Chiefs Office, East Kamagak Chiefs Office and Kachien South Chiefs Office) have the VSAT, Router, Wi-Fi hardware and digital access kits installed.  For Kodera South Chiefs Office, the digital access kits have already been installed, what is pending is the VSAT, Router and Wi-Fi hardware are at the NG-CDF office awaiting installation by Telkom Kenya Limited, who have been notified by the office to implement the same through a letter ref no. KAS NG-CDF/Vol. III (057)	The office requisitioned for funds in time within the financial year under audit 2017/2018, however the NG-CDF Board disbursed funds late, hence over lapping into the preceding financial year 2018/2019	Management comments
Telkom Kenya Limited	NG-CDF Board	Focal Point person to resolve the issue (Name and designation)

	Project verification at Kodera South revealed that the equipment was delivered but not installed and commissioned.	It is imperative to note that the Wi-Fi network is in use by the locals through their private mobile phones, however the centre managers have not been posted to the hubs by the ICT Authority under the Ajira Digital Platform who are supposed to aid in putting the hubs into use by training the targeted population and maintain the hubs.	,			
		Another concern regards internet network connectivity by Telkom Kenya Limited which is extremely poor and as such it should be upgraded to enable the project achieve its intended objective
