CHAIRPERSON'S FOREWORD

Standing Order 200A (1) and (2) of the National Assembly Standing Orders provides that *"(1) A Committee which is unable to complete its work before the expiry of its term shall table an exit report to the Assembly detailing reasons for such inability; and (2) The report shall be available to the succeeding committee which may consider it in preparing its work plan"*.

This Exit Report is a requirement of Standing Order 200A. It documents the activities undertaken by the Departmental Committee on Environment and Natural Resources of the 12th Parliament. It is intended to be a starting point for the subsequent Parliament's successor Committee as it considers its Work Programme. The Report contains all the business transacted by the Committee during the 12th Parliament and the pending business for record purposes. The Report also includes the challenges experienced during its conduct of business and the recommendations thereof.

The following business was referred to the Departmental Committee on Environment and Natural Resources in the Twelfth Parliament: eight (8) Bills; nine (9) Legislative Proposals; twenty-five (25) Petitions; Five (5) inquiries; seventeen (17) Statements; two (2) vetting; and two (2) Sessional Papers. The Committee was able to execute most of the work referred to it despite the challenges that Members had to work under key among them; the COVID-19 Pandemic, which made it difficult to hold in-person meetings.

The Committee was able to positively impact the country in Environment and Natural Resources sector. The Committee, through allocation of funds, was able to oversight the construction of various mega dams that are at an advanced stage of completion. Key among them include: Karimenu II Dam, North Collector Tunnel, Thwake Dam to mention but a few. The Committee through its Report on the Status of Forest Logging in the Country, was able to influence, through its recommendations, allocation of funds towards tree planting to increase to the target 10% tree cover. The Committee has allocated funds to various community-based water projects through programmes like water for schools and Cross-County Bulk Water Projects through which various boreholes and water pans have been constructed for water provision.

It is therefore my pleasant duty and privilege, on behalf of the Departmental Committee on Environment and Natural Resources and pursuant to provisions of Standing Order 200A (1) to present to this House the Exit Report of the Departmental Committee on Environment and Natural Resources.

Hon. Sophia Abdi Noor, MP

Chairperson, Departmental Committee on Environment and Natural Resources

ACKNOWLEDGEMENT

The Committee is highly indebted to the Speaker of the National Assembly, the Hon. Justin B. N. Muturi, EGH, MP for providing guidance on committee activities, reports and recommendations which has made it possible for the Committee to discharge its mandate.

Special gratitude goes to Members of the Committee who made a lot of sacrifices to ensure that the Committee was able to discharge its mandate effectively. This Report would not have been written without the input made by the Committee Members.

The Committee is also grateful to the Clerk of the National Assembly, Mr. Michael Sialai, CBS for facilitating the Committee to execute its mandate and ensuring that the requisite professional staff assisted the Committee in considering the various businesses that were referred to it.

The Committee further extends its gratitude to stakeholders whose submissions guided it during consideration of business before it. The Committee specifically offers its gratitude to the following stakeholders: Ministry of Water, Sanitation and Irrigation with all its Agencies, the Ministry of Environment and Forestry with all its Agencies, The Ministry of Petroleum and Mining and the State Department for Wildlife with all its Agencies.

I would also like to thank Mr. Peter Chemweno, Director, Departmental Committees; Mr. John Mutega, Deputy Director Departmental Committees; and Mr. Daniel Mutunga, Head of Department for Production, Infrastructure, Trade & Agriculture Committees for the administrative guidance and support that they provided to the Committee.

Equally, I acknowledge in a special way, the Committee Secretariat comprising of Ms. Esther Nginyo, First Clerk Assistant; Mr. Dennis Mogare, Second Clerk Assistant; Ms. Lynette Otieno, Legal Counsel I; Dr. Benjamin Ngimor, Senior Fiscal Analyst; Mr. Eugene Apaa, Research Officer II; Mr. Stanley Lagat, Senior Serjeant-At-Arms; and Mr. Mark Mbuthia, Audio Officer.

PART ONE

PART THREE

3 IMPACT OF THE BUSINESS TRANSACTED BY THE COMMITTEE

Some of the impacts that the Committee's work had to the country include:

34. The Committee while exercising its oversight mandate, conducted inquiries on areas affected by air and solid waste management. For instance, the Committee's Recommendation on the Inquiry into the Complaints against the London Distillers, Kenya by the Residents of Athi River, were adopted by the House. The Implementation Committee followed up on the Committee's recommendations on the concerned parties, ensuring that improvement orders from NEMA and recommended mitigation measures were adhered to, to ensure good co-existence between the investors and the residents. Further, the Committee's intervention at the Kibarani Dumpsite facilitated the removal of the dumpsite which was polluting the Indian Ocean hence affecting marine life. This completely changed the ambience around the Kibarani area.
35. The Committee's inquiry into the Logging Activities in Kenya led to a moratorium on illegal harvesting of trees, which was marred with irregularities, hence affecting the Appropriation in Aid flow for the Kenya Forest Service and the overall forest cover. The Ministry of Environment and Forestry, through the recommendation of the Committee, received Kshs. 1 billion towards increasing the forest cover to the targeted 10% tree cover in the FY 2019/2020 Budgetary Allocation.
36. Through the Committee's recommendation to the Budget and Appropriations Committee, the allocation towards the Human Wildlife Conflict Compensation had been increasing from the regular allocation of Kshs. 500 million, which has always been inadequate to Kshs. 1 billion in the FY 2022/2023 to ensure the affected people and their families receive compensation.
37. The Committee considered had considered the Sustainable Waste Management Bill, 2021, which had since been passed by the House and forwarded to the Senate for concurrence. Upon passage by the Senate and assent of the legislation, it will change the handling of waste in the country, introducing circular economy, through which waste will be transformed into raw materials, and hence create employment from the waste industry.

PART FOUR

4 REASONS AS TO WHY THE COMMITTEE HAD SOME PENDING BUSINESS AT THE END OF 12TH PARLIAMENT

The Committee experienced the following challenges which made it difficult for it to optimally discharge its mandate:

1. The COVID-19 pandemic affected the frequency of meetings and it made it difficult to meet stakeholders to prosecute matters before the Committee. This affected the Committee's efficiency in the execution of its mandate.
2. Unavailability of Government officials when invited for meetings to consider business before the Committee. This made it difficult for the Committee to discharge its mandate effectively.
3. Some Members whose business was referred to the Committee were not available when invited for Committee meetings to consider their Questions, Legislative Proposals, Statements or Petitions.
4. Difficulty in raising quorum because of the 2022 General Elections especially in Sixth Session slowed down activities of the Committee.
5. Inadequate committee meeting rooms and furniture occasionally led to delays in starting meetings and at times cancellation of meetings.

MIN.NO. DC/ENR/130/2022: - **PRELIMINARIES**

The meeting was called to order at 9.45 am after which prayers were said. The Acting Chairperson then stated that the main agenda of the day was consideration and adoption of an exit report of the Committee for the 12th Parliament.

The Members adopted the agenda of the meeting.

MIN.NO. DC/ENR/131/2022: - **CONFIRMATION OF MINUTES**

Confirmation of minutes of the previous sitting was deferred to the next meeting.

MIN.NO. DC/ENR/132/2022: - **CONSIDERATION AND ADOPTION OF AN EXIT REPORT OF THE COMMITTEE FOR THE 12TH PARLIAMENT.**

The exit report of the Committee on Environment and Natural Resources for the 12th Parliament was considered and adopted after being proposed by Hon. Nasri Sahal Ibrahim, M.P. and seconded by Hon. Bernard Shinali, M.P.

It was adopted with the following achievements and challenges highlighted:
