**8\*. MOTION - DEVELOPMENT OF A SCHOOL FEEDING POLICY**

(The Hon. Elsie Muhanda, M.P.)

**THAT**, aware that school meals are an important safety net for vulnerable children from food-insecure households and communities in Kenya; appreciating that school meals have multiple benefits, such as increased school enrolments and attendance as well as a significant and positive contribution to reducing hunger and improving nutritional intake; noting that primary school completion rates have been found to be higher in schools with meals provided, thus school meals remain a core development intervention to support the country's achievements in the education sector; recognizing that some county governments have adopted direct and community-led initiatives for ECDE school feeding programmes; concerned that the exercise is not supported by a clear policy and budgetary framework and does not support pupils in primary and secondary schools who form the basic education ecosystem; cognizant of the fact that, where school meal programmes have been initiated, it has been noted that they encounter different challenges that impede their effectiveness, including insufficient resources due to low budgetary allocation and budget cuts, lack of a school feeding policy, inadequate safe cooking and drinking water, drought and famine, poor food storage, a lengthy procurement process, insecurity and dilapidated infrastructure, among others;

...../8\*(Cont'd)

this House therefore **resolves** that the Ministry of Education, through the relevant State Department, immediately develops a school feeding policy to cover basic education pupils and sustain the program in order to ensure that children are maintained in schools for effective learning and to improve their well-being.

**9\*. MOTION - REVIEW OF TEACHER DEPLOYMENT POLICY**

(The Hon. Titus Khamala, M.P.)

**THAT**, aware that, education is a key enabler of national development and realization of Kenya's Vision 2030 and the Sustainable Development Goals; appreciating the invaluable role that teachers play in actualizing the national goals of education; noting that a conducive working environment for teachers enhances performance; recalling that, the delocalization of teachers commenced in 2018 by the Teachers Service Commission immensely disrupted teachers' lives, lowered teacher morale and caused untold trauma to many teachers countrywide; concerned that, the exercise was not supported with a clear policy framework and was initiated without the participation of teachers or their unions, contrary to Articles 118 and 132 of the Constitution on public participation and involvement of the people in the process of policy making; cognizant of the fact that, delocalization of teachers is inconsistent with the United Nations Educational, Scientific and Cultural Organization (UNESCO) teacher deployment practice, which treats education as a culture process conducted within a people's cultural context at the local level; this House **resolves** that the Teachers Service Commission immediately reverses the ongoing delocalization of teachers and initiates a comprehensive review of the teacher deployment policy with the involvement of teachers in order to make the policy consistent with International Labour Organization (ILO) and UNESCO laws and practices on teacher management and deployment.
