FURTHER AWARE that women who go through still birth and those that lose their children during delivery are taken to the general maternity ward where other mothers with healthy babies are recovering, causing them mental anguish and adversely impacting their mental health;

APPRECIATING THAT the Health Act under section 6 (1) (b) provides that every person has a right to reproductive health care which includes the right of access to appropriate health care services that will enable mothers go safely through pregnancy, childbirth, and the postpartum period which should include the integration of mental health in perinatal care as recommended by the National Mental Health Taskforce in its “Mental Health and Wellbeing towards Happiness and National Prosperity” report;

NOW THEREFORE, the Senate urges the Ministry of Health in collaboration with the Council of Governors to:

- (i) ensure that all county health facilities with maternity wings, allocate a separate ward for recovery for the mothers who have gone through still birth or those that have lost their babies during delivery;
- (ii) facilitate continuous mental health training and the provision of counselling support in the perinatal wards for all primary care providers in all counties;
