

**REPUBLIC OF KENYA
THE NATIONAL TREASURY & PLANNING**

**STATEMENT ON THE FINANCIAL YEAR 2022/23
SUPPLEMENTARY ESTIMATES NO. 1**

January 2023

I. INTRODUCTION

1. The FY 2022/23 Supplementary Estimates No.1 is the first under the Bottom-Up Economic Transformation Agenda(BETA) has been prepared pursuant to Article 223 of the Constitution and Section 44 of the Public Finance Management Act, 2012 (PFMA, 2012). The FY 2022/23 Supplementary Estimates No.1 seeks to address:
 - i) Additional funding for emerging priorities as well as emergencies;
 - ii) Approved reallocations;
 - iii) Rationalization of the Budget to align the revised fiscal framework; and
 - iv) Align the Budget with the recent reorganization of Government under Executive Order No 1 of 2023.
2. Included in this revision are drought related interventions including emergency relief food, provision for subsidized fertilizer to farmers, subsidies for maize and fuel among other emergencies.
3. The Supplementary Estimates will also address issues related with access to credit via market intervention (Hustlers Fund); transition to Junior Secondary School and recruitment of teachers and forest rangers; revenue mobilization efforts; security operations; Equalization Fund; salary adjustments; and changes in development partners funded projects.

II. FISCAL PERFORMANCE JULY – DECEMBER 2022

4. The FY 2022/23 Budget was prepared under tight fiscal framework arising from subdued growth. The slowdown in economic activities has been occasioned by shocks in the form of lingering Covid-19 effects, climate change (drought) global supply chain problems and the ongoing Russia - Ukraine conflict. In this regard, it requires the Government Prioritization to undertake cost cutting measures and

prioritization to ensure smooth implementation of priority government programmes for the remainder of the financial year.

- **The Revenues**

5. The cumulative revenue collection including AIA for the period July 2022 to December 2022 amounted to **Ksh.1,106.4 billion** against a target of **Ksh.1,158.2 billion** resulting in a shortfall of **Ksh. 51.8 billion**. The shortfall was on account of below target collection of ordinary revenues by **Ksh.43.2 billion** and Ministerial AIA by **Ksh. 8.6 billion**.

- **The Expenditures**

6. The total expenditure and net lending for the period under review amounted to **Ksh.1,340.3 billion**, against a target of **Ksh.1,448.9 billion** resulting to under expenditure of **Ksh. 108.6 billion**. The resultant savings are mainly attributed to lower absorption recorded in Recurrent and Development Expenditures amounting to **Ksh. 52.1 billion** and below target transfers to County Governments by **Ksh. 56.6 billion**. This expenditure even though below target still produces a fiscal gap of **Ksh.229.6 billion** when considered against total revenues including grants received by end December, 2022. So we start off from a negative fiscal position.

III. KEY ASSUMPTIONS IN THE FY 2022/23 SUPPLEMENTARY ESTIMATES NO.1

7. The following are the assumptions underpinning the FY 2022/23 Supplementary Estimates No.1:

- (i) Total nominal revenues have been revised upwards by Ksh. 66.4 billion. Total revenues are projected to decline from the original of 17.6 per cent of GDP to 17.4 per cent of GDP;
- (ii) Overall expenditure and net lending has been revised from the original projection at 24.0 percent to 23.4 per cent of GDP;
- (iii) Grants are projected at 0.2 per cent of GDP;
- (iv) The overall fiscal deficit level inclusive of grants is projected at 5.7 percent down from the original projection of 6.2 percent;
- (v) Net foreign financing has been revised from the original projection at 2.0 per cent to 2.7 per cent of GDP; and
- (vi) Net domestic financing has been revised from the original projection at 4.2 per cent to 3.0 per cent of GDP.

IV. FY 2022/23 SUPPLEMENTARY ESTIMATES NO.1

- *Overall Expenditures*

8. The overall Ministerial Expenditure in the FY 2022/23 Supplementary Estimates No. 1 has decreased by 0.6 per cent from the original approved Ministerial Budget Estimates. The Recurrent Expenditure increased by 6.6 per cent while the Development Expenditure has decreased by 14.9 per cent. This is within the 10 per cent allowable threshold for variation of a Supplementary Budget from the original Budget as appropriated by Parliament in accordance with the requirement of the Public Finance Management Act, (PFMA) 2012.

Table 1: Overall Change in the FY 2022/23 Budget Estimates Amount in Ksh. Million

Item	Original Approved Budget	Supplementary Estimates No.1	Gross Change	% Change from the Original Estimates
Ministerial National Government Expenditure Estimates Estimates	2,119,259	2,105,945	(13,314)	(0.63)
Recurrent Estimates	1,403,904	1,496,877	92,973	6.62
Development Estimates	715,355	609,067	(106,287)	(14.86)
Consolidated Fund Services	869,343	867,777	(1,566)	(0.18)
County Equitable Share	370,000	399,600	29,600	8.00
Total	3,358,601	3,373,322	14,721	0.44

9. The overall change in the National Government Ministerial Budget (excluding Consolidated Fund Services and County allocations) from the original approved Ministerial Budget is a decrease of **Ksh.13.3 billion** which reflects a 0.6 per cent decrease. The decrease is largely on account of austerity measures to contain expenditures to remain within sustainable fiscal path that will also signal fiscal consolidation in the future. This is within the provisions of Article 223 of the Constitution.

V. ADHERENCE OF FISCAL PRINCIPLES AND FINANCIAL OBJECTIVES

- *Adherence to Fiscal Principles*

10. The FY 2022/23 Supplementary Estimates No.1 adheres to the fiscal responsibility principles as set out in the Public Finance Management Act, 2012. These include;

- i. *Over the medium term, a minimum of thirty percent of the National Budget shall be allocated to Development Expenditure.*
- 11. The National Government's Ministerial Development Budget is maintained within the threshold of 30% over the Medium Term.
- ii. *The National Government's expenditure on the compensation of employees (including benefits and allowances) for public officers shall not exceed 35 percentage of the National Government equitable share of revenue raised national plus other revenues generated by the National Government pursuant to Article 209(4) of the Constitution.*
- 12. The Ministerial Expenditure for compensation of employees in the FY 2022/23 Supplementary Estimates No. 1 is 25 per cent of the National Governments equitable share of revenues and other revenues raised by the National Government which is within the 35 percent threshold required in the PFM regulations.
- iii. *Over the medium term, the National Government's borrowings shall be used only for the purpose of financing development expenditure and not for recurrent expenditure.*
- 13. The Government's medium to long term borrowing is aimed at financing Development projects. This borrowing is undertaken in line with the Medium Term Debt Management Strategy (MTDs) approved by Parliament.
- iv. *Fiscal risks shall be managed prudently*
- 14. To manage fiscal risks prudently as required, the Government regularly reviews its macroeconomic forecasts and the impact of the projections and their implications on the budget. A detailed Annex on the specific fiscal risks is usually

prepared as part of the Budget Policy Statement. Potential fiscal risks arising from contingent liabilities, including those from Public Private Partnership projects among others are taken into account and a contingency provision made to cushion the economy from unforeseeable shocks.

- v. *A reasonable degree of predictability with respect to the level of tax rates and tax bases shall be maintained, taking into account any tax reforms that may be made in the future.*

15. On the principle of maintaining a reasonable degree of predictability with respect to the level of tax rates and tax bases, the Government will continue to carry out tax reforms through modernizing and simplifying tax laws as well as tax reforms to improve the tax revenue base.

VI. COMPLIANCE WITH PAST POLICY RECOMMENDATIONS

16. During the approval of the FY 2022/23 Original Budget, the National Assembly made the following resolutions which have been addressed as indicated in the following paragraphs:

17. **Resolution No.1:** That, the execution of the budget for FY 2022/23 shall strictly adhere to the set debt limit underpinned by section 50(2) and the Public Finance Management(National Government) Regulations 26(1)

Action taken: The National Treasury endeavors to adhere to the set debt limit in line with Section 50(2) of the PFMA. Towards this end, the overall fiscal deficit level inclusive of grants has been revised downwards from the original projection at 6.2 percent to 5.7 per cent of GDP.

18. **Resolution No 2:** That, due to cases of Government Agencies owing huge pending bills to other Government Agencies, within the next financial year, the National Treasury should put in place a policy to ensure that pending bills owed by one Government Agency to another are fully settled.

19. **Action Taken:** The National Treasury will formulate a policy to ensure that all pending bills owed by one Government to another Agency are gradually settled within a sustainable fiscal framework. This includes enhancement of revenue generation measures to sustainably finance these critical expenditures. The National Treasury will also ensure that MDAs prioritize payment of verified pending bills within the available resources over the Medium-Term.

20. **Resolution No. 3:** That the National Treasury, should enhance tax incentives for electrical and gas powered vehicles as well as their spare parts including development of requisite infrastructure in order to incentivize adoption and usage of such vehicles

21. **Action taken:** To promote uptake of electric vehicles, the National Treasury reduced the excise duty on 100% electric motor vehicles to 10%. The government has also reduced VAT on LPG to 8%, this makes fuel for LPG powered motor vehicles affordable. In addition, import duty for 100% electric motor vehicles is at the rate of 25% as opposed to 35% imposed in other categories of motor vehicles.

22. Locally assembled motor vehicles are exempt from excise duty and importation of the Completely Knocked Down kits are exempt from import

duty. These incentives are meant to promote assembly of motor vehicle locally and can be utilized by assembled electrical and gas-powered motor vehicles.

23. Spare parts are not specific since they can be used by both electrical and non-electrical motor vehicles. In this respect, specific spare parts to electric or gas powered motor vehicles will require further analysis, in consultation with the Ministry responsible for trade and industry and sector players with a view to developing appropriate incentives for this category of vehicles.

24. **Resolution 4:** That due to the opaqueness in the administration of public funds created under section 24 of the PFMA, 2012 the National Assembly discourages the formation of new earmarked public funds. Further, a thorough review of the administration and use of resources from all existing public funds should be undertaken by the National Treasury and a report submitted to parliament within the next year.

25. **Action taken:** Section 24 of the Public Financial Management Act, 2012 provides for the establishment of public funds. The funds are established through Regulations and submitted to the National Assembly in accordance with section 205 of the Act, and the Statutory Instruments Act, 2012. In addition, the Public Finance Management Act, (National Government) Regulation prescribes the criteria for the establishment, management and winding up of Public Funds.

26. Since the Public funds are established through Regulations, they are subjected to public participation before publication. Further they are scrutinized by the National Assembly, Committee on delegated Legislation which further invites The National Treasury to explain the Regulations before

they are approved by The National Assembly. Any areas that may be unclear are clarified.

27. A review of the existing Fund will be undertaken to establish whether there are any challenges in the administration of the fund and corrective measures would be instituted.

28. **Resolution No.6:** That before commencement of implementation of the 2022-2023 budget, the National Treasury transfers resources on administrative costs related to the programme, '*Human Resource Management on Technical and Vocational Education Training*' from the teachers Service Commission to the Public Service Commission

29. **Action Required:** The trainers were transferred from the Teachers Commission to the State Department for Vocational and Technical Training with the attendant resources.

VII. APPROVALS UNDER ARTICLE 223 OF THE CONSTITUTION

30. The National Treasury has approved expenditures amounting to **Ksh.127.5 billion** Under Article 223. This comprise **Ksh.75.9 billion** under Recurrent and **Ksh.51.6 billion** under Development Budget. Out of this amount **Ksh.66.4 billion** has been disbursed. The details of expenditure approved under Article 223 are as indicated in **Annex II** of this statement.

31. Following the adjustments the National Treasury has made to the votes and programmes, some programmes have exceeded the 10 percent threshold. The National Treasury is in this regard, requesting for special approval of the expenditure adjustments which are beyond the 10 percent threshold in accordance with regulation 40(9) of the Public Finance Management Regulations, 2015 (See attached annex 1).
