1.8 Summary of Overall Project Performance:

- i) *Budget performance against actual amounts for current year and for cumulative to-date,*

$$= \text{Total Expenditure} / \text{Total Budget} * 100$$

$$= 365,055,188 / 446,913,742 * 100 = 82\%$$

- ii) *Physical progress based on outputs, outcomes, and impacts since project commencement,*

The proportion of patients notified and treated among the estimated number of incident cases increased to 76% as compared to 60.5% the previous year. Overall, the number of patients diagnosed with TB increased by about 12% from 73,544 in 2020/21 FY to 82,070 in 2021/22 FY, signalling a recovery from COVID-19 period. Further, the proportion of patients who successfully completed treatment was sustained at above 80% during the year.

- iii) *Comment on value-for-money achievements,*

Overall, the project interventions were effective as demonstrated by improved performance as compared to the previous year.

- iv) *Indicate the absorption rate for each year since the commencement of the project.*
FY 2021/2022 is the first year of this funding cycle with an absorption rate of 82%

- v) *List the implementation challenges and recommended way forward.*

Slow start-up of the newly approved grant, largely affecting procurement of program commodities such as GeneXpert cartridges. -Delayed start-up of critical programmatic activities, including TB case finding in private sector (PPM)
The delays call for implementation of catch-up plans in the new year 2022/23.

1.9 Summary of Project Compliance:

- i) *Include significant cases of non-compliance with applicable laws and regulations, and essential external financing agreements/covenants,*

There were no significant cases of non-compliance.

- ii) *Include consequences suffered on account of non-compliance or likely to be suffered.*

Not applicable

- iii) *Indicate mitigation measures taken or planned to be taken to alleviate the adverse effects of actual or potential consequences of non-compliance.*

Not applicable

2. Statement of Performance against Project's Predetermined Objectives

Introduction

Section 81 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting Officer when preparing financial statements of each National Government entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the national government entity's performance against predetermined objectives.

The key development objectives of the *project's agreement/ plan* are to:

- a) To reduce TB deaths by 90% compared to 2015
- b) To reduce TB incidence rate by 80% compared to 2015
- c) To reduce the proportion of people with leprosy diagnosed with a grade 2 disability to below 5%
- d) To achieve zero families facing catastrophic costs due to TB, leprosy or lung disease
- e) To reduce the burden of chronic lung disease by 20% compared to 2015

Progress on attainment of strategic development objectives

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement:

Below we provide the progress on attaining the stated objectives:

Project	Objective	Outcome	Indicator	Performance
KEN-T-TNT	Reduce the TB incidence rate by 80% by 2030 compared to 2015	TB incidence	Incidence rate per 100,000	Incidence rate was 267 per 100,000 as compared to 250 per 100,000 for 2020. Improvement for this indicator was affected by COVID-19 pandemic
	Reduce TB deaths by 90% compared by 2030 compared to 2015	TB deaths	Death rate per 100,000	Death rate was 21 per 100,000. This was comparable to previous year. Improving performance of this indicator is closely linked to continuous

Annual Report and Financial Statements for the financial year ended 30th June, 2022

				availability of ARVs for management of TB/HIV co-infection
	Strengthening the timely generation and use of integrated, comprehensive and good-quality health information	Health Information system	HIS deployment and functionality	Completeness and timeliness of reporting maintained at above 90% during the year
	Increasing access to care that is equitable in terms of quality and availability of services at all levels	TB treatment success	Treatment success rate	Performance remained above 80% though below the 90% target.

3. Environmental and Sustainability reporting

(Two-to-three pages)

Global Fund TB Programme exists to transform lives. This is our purpose; the driving force behind everything we do. It's what guides us to deliver our strategy. Below is a brief highlight of our activities that drive towards sustainability.

KEN-T-TNT (Tuberculosis grant) focus is to ensure provision of quality care and prevention services of all people in Kenya with TB. The grant is aligned with the National TB Strategy for TB 2019 – 2023, which provides a framework for guiding the strategic and technical response to the TB epidemic in Kenya that reflects a patient-centered approach to planning and evidence-based prioritization or resource allocation.

1. Sustainability strategy and profile

The top management especially the accounting officer should make reference to sustainable efforts, broad trends in political and macroeconomic affecting sustainability priorities, reference to international best practices and key achievements and failure.

Long term sustainability is a fundamental aspect of development and global health financing. It is essential that the country is able to scale up and sustain programs to achieve lasting impact in the fight against pandemics and to move towards eventual achievement of Universal Health Coverage. Countries that have experienced economic growth over the last decade are able to move progressively from external donor financing for health towards domestically funded systems that deliver results but must be supported to do so.

The Global Fund sustainability strategy is anchored on a well-articulated Sustainability, Transition and Co-financing Policy that outlines the high-level principles for engaging with countries for long term sustainability of Global Fund supported programs, as well as framework for ensuring successful transitions from Global Fund financing.

2. Environmental performance

Outline clearly, environmental policy guiding the organisation, provide evidence of the policy. Outline successes, shortcomings, efforts to manage biodiversity, waste management policy and efforts to reduce environmental impact of the organisation's products.

Through a statement on climate change and environmental sustainability dated 03 December 2021, the Global Fund expressed deep concern about the impact that environmental damage and climate change are having on human health and its disproportionate effect on the most vulnerable and disadvantaged communities. As a leading multilateral funder of grants for HIV, TB, malaria and COVID-19 programs and to strengthen health and community systems, Global Fund has an opportunity and responsibility to minimize impact on the environment, address the environmental and climate impact of procurement operations, and invest in and support and support countries to build climate - resilient and environmentally sensitive systems for health. The statement emphasizes commitment by Global Fund to respond to multifaceted threats to human health arising from climate and environmental changes.

3. Employee welfare

Give account of the policies guiding the hiring process and whether they take into account the gender ratio, whether they take in stakeholder engagements and how often they are improved. Explain efforts made in improving skills and managing careers, appraisal and reward systems. The organisation should also disclose their policy on safety and compliance with Occupational Safety and Health Act of 2007, (OSHA)

The Global Fund recruitment process is designed to enable the Global Fund to select the best applicant for a job based on objective and fair criteria. While the primary criterion for selection are competence and suitability to the job requirements, there is

reasonable efforts to achieve and maintain diversity and geographical balance. Recruitment is made on competitive basis except where exceptionally authorized.

The Global Fund prohibits all forms of harassment, including sexual harassment and bullying. Sexual exploitation and any acts of sexual abuse or sexual assault are prohibited.

A Code of Conduct applicable to all Global Fund employees regardless of the type or duration of contract is available. Through observance of this Code of Conduct, employees contribute to the kind of organizational culture the Global Fund expects internally, as well as its grant recipients, reflecting integrity, accountability, dignity and respect.

As outcomes, employees (1) earn and maintain the public trust necessary for the Global Fund to accomplish its mission, (2) uphold the fiduciary responsibilities of the Global Fund employees and those of the institution as a whole, and (3) create a positive, productive and motivating work environment.

4. Market place practices-

a) Responsible Supply chain and supplier relations-

explain how the organisation maintains good business practices, treats its own suppliers responsibly by honouring contracts and respecting payment practices.

Global Fund grants are implemented in conformity with Global Fund policies and regulations. The policies and practices governing procurements ensures that awards are transparent and on a competitive basis, bidding process is clear to all prospective bidders, and contracts awarded only to contractors that possess the ability to successfully perform the contracts. The grant recipient, representatives and agents are expected to desist from any practice that is in violation of Code of Conduct for recipients or the Code of Conduct for suppliers in relation to such procurements. Further, recipient is required to maintain clear documentation of procurement processes.

b) Responsible ethical practices

outline efforts to maintain ethical and anti- corruption practices and responsible political involvement.

The Global Fund collectively refers to corrupt practices, fraudulent practices, coercive practices, collusive practices, abusive practices, obstructive practices, retaliation, money laundering, and financing of terrorism as "prohibited practices".

The Fund's mission and four principles of transparency, partnership, performance-based financing, and country ownership set the strategic direction for the Fund's approach to fraud and corruption prevention, detection and response. In this context, the Fund takes a zero-tolerance approach towards prohibited practices.

c) Regulatory impact assessment

Safeguard citizen and stakeholder's rights.

Ethical conduct is a hallmark of the Global Fund and applies to all those involved in its operations and governance. All actors abide by the organization's core ethical values (duty of care, accountability, integrity, dignity and respect) as reflected in the Code of Conduct for Governance Officials. The Code of Conduct is applicable when exercising governance and oversight duties over Global Fund programs and activities.

5. Community Engagements

Corporate Social Responsibilities principals are not applicable for grant funds. Where possible, the Global Fund aims to open new opportunities to support community based organizations. This goal includes allowing implementers of the Global Fund grants to fund small, unregistered organizations or collectives that serve key populations and other marginalized groups.

Global Fund grants are activity based applied towards prioritized interventions to fight AIDS, TB and Malaria.

4. Statement of Project Management responsibilities

The *Principal Secretary* for the National Treasury and the *Project Coordinator* for *Global Fund Project* are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the Project for and as at the end of the financial year (period) ended on June 30, 2022. ,

This responsibility includes (i) Maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period, (ii) Maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the project, (iii) Designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud, (iv) safeguarding the assets of the project, (v) Selecting and applying appropriate accounting policies and (v) Making accounting estimates that are reasonable in the circumstances.

The *Principal Secretary* for the National Treasury and the *Project Coordinator* for *Global Fund Project* accept responsibility for the Project's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards. The *Principal Secretary* for the National Treasury and the *Project Coordinator* for *Global Fund Project* are of the opinion that the Project's financial statements give a true and fair view of the state of Project's transactions during the financial year/period ended June 30, 2022, and of the Project's financial position as at that date. The *Principal Secretary* for National Treasury and the *Project Coordinator* for *Global Fund Project* further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control.

The *Principal Secretary* for the National Treasury and the *Project Coordinator* for *Global Fund Project* confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year/period under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project Financial Statements

The Project financial statements were approved by the *Principal Secretary* for the National Treasury and the *Project Coordinator* for *Global Fund Project* on 30th September, 2022 and signed by them.

REPORT OF THE AUDITOR-GENERAL ON GLOBAL FUND - TO ENSURE PROVISION OF QUALITY CARE AND PREVENTION SERVICES FOR ALL PEOPLE IN KENYA WITH TB, LEPROSY AND LUNG DISEASES PROGRAM - KEN-T-TNT, GA 2067 FOR THE YEAR ENDED 30 JUNE, 2022 - THE NATIONAL TREASURY

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for the intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment and the internal controls, developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Qualified Opinion

I have audited the accompanying financial statements of Global Fund - To Ensure Provision of Quality Care and Prevention Services for All People in Kenya with TB, Leprosy and Lung Diseases Program set out on pages 1 to 19, which comprise of the statement of financial assets as at 30 June, 2022, and the statement of receipts and payments, statement of cash flows and statement of comparison of budget and actual amounts for the period then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, except for the effects of the matter described in the Basis for Qualified Opinion section of my report, the financial statements present fairly, in all material respects, the financial position of the Global Fund - To Ensure Provision of Quality Care and Prevention Services for All People in Kenya with TB, Leprosy and Lung Diseases Program as at 30 June, 2022, and its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and comply with the Grant Agreement No. KEN-T-TNT, GA 2067 dated 14 June, 2021 between the Global Fund and the Republic of Kenya and the Public Finance Management Act, 2012.

In addition, the special account statement presents fairly, transactions for the year, and the closing balance has been reconciled with the books of account.

Basis for Qualified Opinion

Unsupported Counterpart Funding Balances

The statement of receipts and payments reflects an amount of Kshs.351,984,277 with respect to counterpart funding and a similar amount of other grants and transfers/payments. The amount relates to the Government counterpart funds which was drawn from the ledger as expenditure incurred by The National Treasury on behalf of the Program. However, expenditure returns and supporting schedule amounting to Kshs.25,025,377 was provided for audit review while supporting expenditure returns and schedule for expenditure amounting to Kshs.326,958,900 were not provided.

In the circumstances, the eligibility and the accuracy of the counterpart funding and other grants and transfers/payments of Kshs.351,984,277 could not be confirmed.

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Global Fund - To Ensure Provision of Quality Care and Prevention Services for All People in Kenya with TB, Leprosy and Lung Diseases Program Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in

Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my qualified opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final total receipts budget of Kshs.446,913,742 against the actual receipts of Kshs.370,996,060 resulting into an under-collection of Kshs.75,917,682 or 17% of the budget. Similarly, the statement reflects budgeted expenditure of Kshs.446,913,742 against the actual expenditure of Kshs.365,055,188 resulting to an under-expenditure of Kshs.81,858,554 or 18% of the budget.

The underfunding and underperformance affected the planned activities and impacted adversely on service delivery to the public.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and overall governance were not effective.

Basis for conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standard requires that I plan and perform the audit to obtain assurance about whether effective processes and systems of internal control, risk management and governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by the Global Fund, I report based on my audit that:

- i. I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, adequate accounting records have been kept by the Program, so far as appears from the examination of those records; and,
- iii. The Program's financial statements are in agreement with the accounting records and returns.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal control as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal control, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Program's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Program or cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Program's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall

governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal control in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal control would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal control may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a

basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Program's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Program to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information and business activities of the Program to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

10. Significant Accounting Policies

The principal accounting policies adopted in the preparation of these financial statements are set out below:

10.1 Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

The accounting policies adopted have been consistently applied to all the years presented.

10.2 Reporting entity

The financial statements are for TB Programme under the National Treasury. The financial statements are for the reporting entity Global Fund Project as required by Section 81 of the PFM Act, 2012 .

10.3 Reporting currency

The financial statements are presented in Kenya Shillings (Kshs), which is the functional and reporting currency of the Project and all values are rounded to the nearest Kenya Shilling.

10.4 Recognition of receipts

Global Fund Unit recognises all receipts from the various sources when the event occurs, and the related cash has actually been received.

i) Transfers from the Exchequer

Transfer from Exchequer is recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

ii) External Assistance

External assistance is monies received through grants and loans from multilateral and bilateral development partners.

Significant Accounting Policies (Continued)

iii) Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements at the time associated cash is received.

iv) Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

v) Proceeds from borrowing

Borrowing includes external loans acquired by the Project or any other debt the Project may take and will be treated on cash basis and recognized as a receipt during the year they were received.

vi) Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for the Project currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. An analysis of the Project's undrawn external assistance is shown in the funding summary.

10.5 Recognition of payments

The Project recognises all payments when the event occurs, and the related cash has actually been paid out by the Project.

i) Compensation to employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

Significant Accounting Policies (Continued)

ii) Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. If not paid for during the period where goods/services are consumed, they shall be disclosed as pending bills.

iii) Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incur and paid for.

iv) Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the consolidated financial statements.

v) Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

10.6 In-kind donations

In-kind contributions are donations that are made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Project includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

Significant Accounting Policies (Continued)

10.7 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

10.8 Restriction on cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third part deposits.

10.9 Imprests and Advances

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

10.10 Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:

Significant Accounting Policies (Continued)

- i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
- ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships,

The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Annex 5 of this financial statement is a register of the contingent liabilities in the year.

10.11 Contingent Assets

Global Fund Unit does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of *Global Fund Unit* in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

10.12 Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

Significant Accounting Policies (Continued)

10.13 Budget

The budget is developed on a comparable accounting basis (cash basis), the same accounts classification basis (except for accounts receivable - outstanding imprest and clearance accounts and accounts payable - deposits, which are accounted for on an accrual basis), and for the same period as the financial statements. The Project's budget was approved as required by Law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. The Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation. A high-level assessment of the Project's actual performance against the comparable budget for the financial year/period under review has been *included in an annex to these financial statements*.

10.14 Third party payments

Included in the receipts and payments, are payments made on its behalf by to third parties in form of loans and grants. These payments do not constitute cash receipts and payments. and are disclosed in the payment to third parties' column in the statement of receipts and payments. During the year, Kshs xxx billion being loan disbursements were received in form of direct payments from third parties.

10.15 Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates, Kenya Shillings. Transactions in foreign currencies during the year/period are converted into the functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statements of receipts and payments.

Significant Accounting Policies (Continued)

10.16 Comparative figures

Where necessary comparative figures for the previous financial year/period have been amended or reconfigured to conform to the required changes in financial statement presentation.

10.17 Subsequent events

There have been no events subsequent to the financial year/period end with a significant impact on the financial statements for the year ended June 30, 2022.

10.18 Prior period adjustments

Prior period adjustments relate to errors and other adjustments noted arising from previous year(s). Explanations and details of these prior period adjustments are presented *in note xx of these financial statements*
