1. PROJECT INFORMATION AND OVERALL PERFORMANCE

1.1 Name and registered office

Name: Horn of Africa Gateway Development Project.

Objective:

The key objective of the project is to improve the movement of people and goods and digital connectivity and access to social services to communities at designated locations along the targeted sections of the Isiolo-Mandera Regional Road Corridor and the capacity of selected transport related institutions in Kenya

Address: Times Towers Building, Nairobi County, Kenya.

Registered office:

Times Tower Building, Haile Selassie Avenue, P.O Box 48240-00100, Nairobi, Kenya.

Contacts:

Telephone: (254) 020-310900, 2810000, 315553 E-mail: <u>callcenter@kra.go.ke</u>, cic@kra.go.ke

Website: www.kra.go.ke

1.2 Project Information

Project Start Date:	7 th October 2020		
Project End Date:	30th June 2028		
Project Manager:	Mr. Kenneth Mbobua (Chief Manager)		
Project Accountant	Mr. Josephat Omondi (DC- Finance)		
Project Coordinator:	Mrs Lilian Nyawanda (Commissioner of Customs & Borders Control)		
Project Sponsor:	FCPA Githii Mburu, MGH, CBS (Commissioner General)		

1.3 Project Overview

Line Ministry/State Department of the project	The project is under the supervision of the National Treasury
Project number	6768 -KE
Strategic goals of the project	The strategic goals of the project are Facilitation of Regional Trade and Transport which includes: -

Annual Report and Financial Statements for the financial year ended June 30, 2022

	The northern part of Kenya has poor road networks and digital connectivity, thus making trade along the Isiolo-Modogashe-Wajir-Elwak-Rhumu and Mandera route very difficult. However, there lies the potential of cross border and international trade linking the horn of Africa countries. The role of Kenya Revenue Authority is to provide Trade Facilitation and cargo monitoring along the trade route.
Current situation that the project was formed to intervene	The overarching objective of the HoA Program, which the proposed project will contribute to, is "enhancing connectivity among the HoA countries and access to seaports; facilitation of domestic and regional trade and economic integration, and road safety". This will be achieved through a sequential improvement in physical and institutional infrastructure and promoting trade and investing in development facilitation interventions. The overall program will be implemented in a Series of Projects (SoPs). The first project of the program (Phase 1- Kenya) focuses on Kenya which is the gateway to HoA for east, south and central Africa. The follow-on Phases will focus on the improvement of adjoining economic corridors, trade facilitation, digital connectivity, human development, and promoting resilience in Somalia and Ethiopia.
Project duration	The project started on 7th October 2020 and is expected to run until 30th June 2028.

1.8 Summary of Overall Project Performance:

The overall project performance was 20% as at year ended 30th June 2022.

Sub component B – Facilitation of Regional Trade and Transport

- a) (i) Strengthening of the cross-border management unit of KRA including enhancing its coordination with other border agencies:-
 - 1) Procurement of Enhanced Enforcement Equipment; -3 Armored Motor Vehicles
 - 2) Upgrade of KRA LAN at various Customs Stations
 - 3) OSBP Baggage Scanners

		Procurement of Enhanced Enforcement Equipment;-3 Armored Motor Vehicles, Upgrade of KRA LAN at various Customs Stations, OSBP Baggage Scanners
1.	Contractor / Supplier	To be identified after requirements are identified and approved
2.	Contract Type	Goods
3.	Projected Commencement Date	Jan to June 2023
4.	Projected Completion Date	Dec 2024
5.	Projected Contract amount:	KES 216M
6.	Progress Status	User requirements in the process of being identified
7.	Payments	Nil
8.	Issue/challenge to report and Mitigation	None

Annual Report and Financial Statements for the financial year ended June 30, 2022

(ii) Support the implementation of an integrated border management system:-

Institutional Strengthening of Customs and Border Control Department to enhance coordination of other border Agencies

Cargo Tracking System along the Isiolo-Mandera Corridor

- 1) Geo-fencing of
 - Isiolo- Modo Gashe Route
 - Modogashe Elwak Route
 - Rhamu to Mandera Route
- 2) Installation of Smart Gates solutions at Rhamu and Mandera OSBPs

		Geo-fencing of the routes / Installation of Smart Gates Solutions
1.	Contractor	To be identified
2.	Contract Type	Goods
3.	Projected Commencement Date	Jan 2023 to June 2024
4.	Projected Completion Date	June 2025
5.	Projected Contract amount:	KES 54M
6.	Progress Status	User requirements gathering from various stakeholders in KRA. Installation of Smart Gates Solution will be implemented after construction of the OSBPs.
7.	Payments	Nil
8.	Issue/challenge to report and Mitigation	None

b) Support harmonization of Customs and other border management functions, risk management and control procedures:-

1) Purchase of CCTV Survellance Cameras, Body Worn cameras, Satellite Phones and implementation of CCTV's and Smart Gate Monitoring command center

2) Purchase Ruggered/ Toughbook Laptops, Survillance Drones (Wajir RRU and Mandera OSBP, Night Vision devices and portable hand-held Devices

		1) Purchase of Various Customs and other Border management equipment & Training
9.	Contractor	To be identified
10.	Contract Type	Goods & Training
11.	Projected Commencement Date	Jan 2023 to June 2025
12.	Projected Completion Date	Dec 2025
13.	Projected Contract amount:	KES 218M
14.	Progress Status	User requirements gathering from various stakeholders in KRA.
15.	Payments	Nil
16.	Issue/challenge to report and Mitigation	None

Annual Report and Financial Statements for the financial year ended June 30, 2022

c) Support implementation of the MOU between Kenya Customs and Ministry of Revenues of the Federal Republic of Ethiopia and Republic of Kenya and Federal Republic of Somalia:-

- 1) Identify Training needs, Prepare OSBP Manuals and operationalize the joint Border Management Structure.
- 2) Joint Training
- 3) Provision of Working equipment's to operationalize the JBM

		Consultancy, Training & Working equipment provision between Kenya, Ethiopia & Somalia
17.	Contractor	To be identified
18.	Contract Type	Consultancy & Goods
19.	Projected Commencement Date	Jan 2023 to June 2025
20.	Projected Completion Date	Dec 2025
21.	Projected Contract amount:	KES 54M
22.	Progress Status	User requirements gathering from various stakeholders in KRA.
23.	Payments	Nil
24.	Issue/challenge to report and Mitigation	None

d) Support the use of ICT for revenue collection and facilitating clearance at the border:-

- 1) Integration between the Customs Management System (iCMS) and the Ethiopia Customs Management System for data exchange
- 2) Integration between the KRA RECTS System and the KeNHA Weighbridge Monitoring system (KeNHA to install KRA Automated Container Number Recognition (ACNR) Camera's

	Consultancy integration between ICMS and Ethiopia Customs management system
Contractor	Yet to Begin
Contract Type	Consultancy
Projected Commencement Date	June 2025
Projected Contract amount:	KES 54M
Payments	Nil
Issue/challenge to report and Mitigation	None

e) Study on trade flows between Kenya, Ethiopia and Somalia:-

Study on Trade Flows between Kenya, Ethiopia and Somalia This includes the identification of the following;

- · Site survey of the routes including indicating possible location of customs facilitation centers
- Economic activities (in the geographical locations of the three countries)
- Trade volumes and the type of goods traded between the countries
- Trade barriers (Tariff and non-tariff)

Annual Report and Financial Statements for the financial year ended June 30, 2022

- Existing bilateral and Multilateral trade agreements
- · Trade flows and trade analysis

		Study of trade flows between Kenya, Ethiopia and Somalia
1.	Contractor	Pending
2.	Contract Type	Consultancy
3.	Projected Commencement Date	Dec 2022
4.	Projected Completion Date	Dec 2024
5.	Projected Contract amount:	KES 63M
6.	Progress Status	 Already received No objection approval from World Bank The Terms of Reference for engagement of a consultant already identified Procurement process ongoing to on board the consultant
7.	Payments	Nil
8.	Issue/challenge to report and Mitigation	None.

f) Capacity Building & Training & Operational Costs:-

		Capacity Building and Training of KRA Staff & Operational Costs
1.	Contractor	Various
2.	Contract Type	Training
3.	Projected Commencement Date	Aug 2022
4.	Projected Completion Date	June 2026
5.	Projected Contract amount:	KES 179M
6.	Progress Status	Annual Training Plan already send to PMO office, In process of requesting Counter-part funding to cater for costs in relation to preparation for construction of RRU activities in conjunction with KENHA
7.	Payments	Nil
8.	Issue/challenge to report and Mitigation	None

9 Summary of Project Compliance:

The project complied with the applicable laws, regulations and financing agreement.

2. STATEMENT OF PERFORMANCE AGAINST PROJECT'S PREDETERMINED OBJECTIVES

Introduction

Section 81 (2) (f) of the Public Finance Management Act, 2012 requires that, at the end of each financial year, the Accounting officer when preparing financial statements of each National Government entity in accordance with the standards and formats prescribed by the Public Sector Accounting Standards Board includes a statement of the national government entity's performance against predetermined objectives.

The key development objectives of the project's 2020-2028 plan are:

- (a) Provision of technical assistance and advisory services to KRA in (i) strengthening of the cross-border management unit of KRA including enhancing its coordination with other border agencies. (ii) Support the implementation of an integrated border management system.
- (b) Support harmonization of Customs and other border management functions, risk management and control procedures.
- (c) Support for the implementation of the memorandum of understanding (MOU) between Kenya Customs and Ministry of Revenues of the Federal Republic of Ethiopia and between the Republic of Kenya and Federal Republic of Somalia relative to exchange of information and use of common border control procedures.
- (d) Support the use of ICT for revenue collection and for facilitation clearance and release of goods to help Kenya Customs comply with new transparency requirements of ecitizen registration, electronic collection of revenue and e-reporting of clearance and release of goods.
- (e) Undertaking of a study on trade flows among the Horn of Africa countries of Ethiopia, Somalia and Kenya.
- (f) Provision of advisory services, training and capacity building activities to KRA.

Progress on attainment of Strategic development objectives

For purposes of implementing and cascading the above development objectives to specific sectors, all the development objectives were made specific, measurable, achievable, realistic and time-bound (SMART) and converted into development outcomes. Attendant indicators were identified for reasons of tracking progress and performance measurement:

Project	Objective	Outcome	Indicator	Performance
Horn of Africa Gateway Development Project	a) Provision of technical assistance and advisory services to KRA in (i) Strengthening of the cross-border management unit of KRA including enhancing its coordination with other border agencies. (ii) Support the	Increased efficient clearance of people, goods and services	Clearance Times	Under Implementation

, Ť.

Annual Report and Financial Statements for the financial year ended June 30, 2022

implementation of an integrated border management system.	Increased revenue collection and trade facilitation	No. of consignments under customs control tracked to destination	Under Implementation
b)Support harmonization of Customs and other border management functions, risk management and control procedures	Secure trade facilitation centre	Completed border post	Under Implementation
c)Support for the implementation of the memorandum of understanding (MOU) between Kenya Customs and Ministry of Revenues of the Federal Republic of Ethiopia and between the Republic of Kenya and Federal Republic of Somalia relative to exchange of information and use of common border control procedures	Efficient and effective Prevention and detection of illicit trade	No. of Customs interceptions and compliance levels	Under Implementation
d)Support the use of ICT for revenue collection and for facilitation clearance and release of goods to help Kenya Customs comply with new transparency requirements of e-citizen registration, electronic collection of revenue and e-reporting of clearance and release of goods.	Seamless flow of data and information on clearance of goods and services	Increased revenues and reduced clearance time	Under Implementation
e) Undertaking of a study on trade flows among the Horn of Africa countries of Ethiopia, Somalia and Kenya	Increased revenue collection and trade facilitation	No. of consignments under customs control tracked to destination	Under Implementation
f) Provision of advisory services, training and capacity building activities to KRA.	Trained officers	No. of officers trained	Under Implementation

Annual Report and Financial Statements for the financial year ended June 30, 2022

3. ENVIROMENTAL AND SUSTAINABILITY REPORTING

The Kenya Revenue Authority's project team is considering implementation of various Corporate Social Responsibility initiatives in liaison with the Kenya National Highways Authority (KeNHA) for the next financial year 2022/23. The activities align with the KRA corporate CSR strategy.

Most of the Social and Environmental safeguards will not be undertaken as stand-alone activities, but they will be incorporated in other activities, such as construction of the OSBPS and RRUs, etc.

Social and environmental safeguards

KRA proposes to undertake the following initiatives;

a) Public participation/community engagement and training/ sensitization

With the expected rise in trade activities, and road traffic within the corridor, there is an expected rise in population which has both a positive and negative impact. To mitigate against influences of community vices such as drug abuse, early marriages and spread of diseases, the project team intends to conduct workshops to sensitize the community in the major towns along the corridor in the following areas:

- i. Overall appraisal, to facilitate community appreciation of the project
- ii. Safety and security
- iii. Gender mainstreaming and HIV/AIDS
- iv. Sustainability of economic activities and taxation
- v. Environmental conservation

KRA, in June 2022, submitted a proposal to the World Bank for No Objection to undertake the inaugural community engagement in Isiolo, Wajir and Mandera, in readiness for the commencement of implementation of the Horn of Africa Gateway Development Project (HoAGDP).

This engagement aims at:

- Providing the community with an overall appraisal, and the role of KRA in the project.
- Sensitization on HIV Aids and Gender mainstreaming, in order to mitigate effects of possible social risks associated with projects of such nature.
- iii. Establishing community needs in regards to social safeguards, to be incorporated in other activities, and carried out in conjecution with KeNHA
- b) Meeting with consultants/ contractors and utility providers for the development of plans to factor in mitigation measures of risks identified during the inaugural public participation exercise.

These plans are to incorporate community needs such as boreholes, and other physical amenities when constructing KRA facilities ie OSBPs and RRUs

Annual Report and Financial Statements for the financial year ended June 30, 2022

c) Employee welfare

The project shall be registered with the Directorate of Occupational Safety and Health Services where officers of the Department will carry out routine safety inspections and recommendations are to the manager in charge of safety, health and welfare.

The contractor(s) will be required to factor in aspects of safety and welfare of employees both working to actualize the project (ie engineers, masons, groundsmen, drivers, etc) and put in place facilities and amenities that will promote welfare of the end users of the project. These facilities/ amenities include public toilets, water points, covered waiting areas, etc.

d) Drilling of water bore holes within proposed KRA facilities

With most of the areas within the corridor being semi-arid, proposal to drill water at the proposed KRA sites (OSBPs and RRUs), for sharing with communities around these facilities can leave a lasting impression. Traveling long distances in search for water exposes children and women and children to risks associated with rising populations of travellers and traders. Having access to clean water close to the communities will not only deter unnecessary exposure but also improve sanitation that is vital for good health, within the community.

e) Planting of drought resistant trees

In order to boost environmental conservation and increase the plant cover, it is recommended that drought resistant trees are planted around government facilities. Trees are important in providing shade against the scorching sun, act as wind breakers and later, provide benefits such as fruit, timber and other products. Some drought resistant trees and shrubs also provide fodder for livestock, and this will benefit the pastoralist community.

2. Project sustainability

The sustenance of the project should be vested on the community leadership, as well as the Government agencies poised to benefit from the project.

Annual Report and Financial Statements for the financial year ended June 30, 2022

4. STATEMENT OF PROJECT MANAGEMENT RESPONSIBILITIES

The Project Accountant, Project Coordinator and Project Sponsor for Horn of Africa Gateway Development Project are responsible for the preparation and presentation of the Project's financial statements, which give a true and fair view of the state of affairs of the Project for and as at the end of the financial year ended on June 30, 2022. This responsibility includes: (i) maintaining adequate financial management arrangement and ensuring that these continue to be effective throughout the reporting period; (ii) maintaining proper accounting records, which disclose with reasonable accuracy at any time the financial position of the Project; (iii) designing, implementing and maintaining internal controls relevant to the preparation and fair presentation of the financial statement, and ensuring that they are free from material misstatements, whether due to error or fraud; (iv) safeguarding the assets of the Project; (v) selecting and applying appropriate accounting policies; and (vi) making accounting estimates that are reasonable in the circumstances.

The Project Accountant, Project Coordinator and Project Sponsor for Horn of Africa Gateway Development Project accept responsibility for the Project's financial statements, which have been prepared on the Cash Basis Method of Financial Reporting, using appropriate accounting policies in accordance with International Public Sector Accounting Standards.

The Project Accountant, Project Coordinator and Project Sponsor for Horn of Africa Gateway Development Project are of the opinion that the Project's financial statements give a true and fair view of the state of Project's transactions during the financial year ended June 30, 2022, and of the Project's financial position as at that date. The Project Accountant, Project Coordinator and Project Sponsor for Horn of Africa Gateway Development Project further confirm the completeness of the accounting records maintained for the Project, which have been relied upon in the preparation of the Project financial statements as well as the adequacy of the systems of internal financial control. The Project Accountant, Project Coordinator and Project Sponsor for Horn of Africa Gateway Development Project confirm that the Project has complied fully with applicable Government Regulations and the terms of external financing covenants, and that Project funds received during the financial year/period under audit were used for the eligible purposes for which they were intended and were properly accounted for.

Approval of the Project financial statements

The Project financial statements were approved by the Project Accountant, Project Coordinator and Project, Sponsor for Horn of Africa Gateway Development Project and signed on

Enhancing Accountability

REPORT OF THE AUDITOR-GENERAL ON HORN OF AFRICA GATEWAY DEVELOPMENT PROJECT (IDA CREDIT NO. 6768) FOR THE YEAR ENDED 30 JUNE, 2022 – KENYA REVENUE AUTHORITY

PREAMBLE

I draw your attention to the contents of my report which is in three parts:

- A. Report on the Financial Statements that considers whether the financial statements are fairly presented in accordance with the applicable financial reporting framework, accounting standards and the relevant laws and regulations that have a direct effect on the financial statements.
- B. Report on Lawfulness and Effectiveness in Use of Public Resources which considers compliance with applicable laws, regulations, policies, gazette notices, circulars, guidelines and manuals and whether public resources are applied in a prudent, efficient, economic, transparent and accountable manner to ensure Government achieves value for money and that such funds are applied for intended purpose.
- C. Report on Effectiveness of Internal Controls, Risk Management and Governance which considers how the entity has instituted checks and balances to guide internal operations. This responds to the effectiveness of the governance structure, the risk management environment, and the internal controls developed and implemented by those charged with governance for orderly, efficient and effective operations of the entity.

An unmodified opinion does not necessarily mean that an entity has complied with all relevant laws and regulations, and that its internal controls, risk management and governance systems are properly designed and were working effectively in the financial year under review.

The three parts of the report are aimed at addressing the statutory roles and responsibilities of the Auditor-General as provided by Article 229 of the Constitution, the Public Finance Management Act, 2012 and the Public Audit Act, 2015. The three parts of the report, when read together constitute the report of the Auditor-General.

REPORT ON THE FINANCIAL STATEMENTS

Opinion

I have audited the accompanying financial statements of Horn of Africa Gateway Development Project set out on pages 1 to 25, which comprise the statement of financial assets as at 30 June, 2022, and the statement of receipts and payments, statement of cash flows and the statement of comparison of budget and actual amounts for the year then ended, and a summary of significant accounting policies and other explanatory information in accordance with the provisions of Article 229 of the Constitution of Kenya and Section 35 of the Public Audit Act, 2015. I have obtained all the information and explanations, which, to the best of my knowledge and belief, were necessary for the purpose of the audit.

In my opinion, the financial statements present fairly, in all material respects, the financial position of the Horn of Africa Gateway Development Project, and of its financial performance and its cash flows for the year then ended, in accordance with International Public Sector Accounting Standards (Cash Basis) and the Public Finance Management Act, 2012 and comply with the Financing Agreement Credit No.6768 dated 7 October, 2020 between the Government of Kenya and International Development Association and the Subsidiary Grant Agreement between the Government of Kenya and the Kenya Revenue Authority dated 11 December, 2020.

In addition, the special account reconciliation statement presents fairly, the special account transactions and the closing balance has been reconciled with the books of account.

Basis for Opinion

The audit was conducted in accordance with International Standards of Supreme Audit Institutions (ISSAIs). I am independent of the Horn of Africa Gateway Development Project Management in accordance with ISSAI 130 on Code of Ethics. I have fulfilled other ethical responsibilities in accordance with the ISSAI and in accordance with other ethical requirements applicable to performing audits of financial statements in Kenya. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my opinion.

Key Audit Matters

Key audit matters are those matters that, in my professional judgment, are of most significance in the audit of the financial statements. There were no key audit matters to report in the year under review.

Other Matter

Budgetary Control and Performance

The statement of comparison of budget and actual amounts reflects final receipts budget and actual on a comparable basis of Kshs.142,241,000 and Kshs.70,066,000 respectively resulting to an under-funding of Kshs.72,175,000 or 51% of the budget. Similarly, the Project spent a total of Kshs.297,000 against an approved budget of Kshs.142,241,000 resulting to an under-expenditure of Kshs.141,944,000 or 99.8% of the budget. Management has attributed the underfunding and underperformance to delayed implementation of the Project due to COVID-19 pandemic and delayed approval of the 'letter of no objection' from the World Bank.

The underfunding and underperformance affected the planned activities and may have impacted negatively on service delivery to the public.

REPORT ON LAWFULNESS AND EFFECTIVENESS IN USE OF PUBLIC RESOURCES

Conclusion

As required by Article 229(6) of the Constitution, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that public resources have not been applied lawfully and in an effective way.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 4000. The standard requires that I comply with ethical requirements and plan and perform the audit to obtain assurance about whether the activities, financial transactions and information reflected in the financial statements are in compliance, in all material respects, with the authorities that govern them. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON EFFECTIVENESS OF INTERNAL CONTROLS, RISK MANAGEMENT AND GOVERNANCE

Conclusion

As required by Section 7(1)(a) of the Public Audit Act, 2015, based on the audit procedures performed, I confirm that, nothing has come to my attention to cause me to believe that internal controls, risk management and governance were not effective.

Basis for Conclusion

The audit was conducted in accordance with ISSAI 2315 and ISSAI 2330. The standards require that I plan and perform the audit to obtain assurance about whether processes and systems of internal control, risk management and overall governance were operating effectively, in all material respects. I believe that the audit evidence I have obtained is sufficient and appropriate to provide a basis for my conclusion.

REPORT ON OTHER LEGAL AND REGULATORY REQUIREMENTS

As required by International Development Association Credit No.6768 dated 7 October, 2020, I report based on my audit, that:

- I have obtained all the information and explanations which, to the best of my knowledge and belief, were necessary for the purpose of the audit;
- ii. In my opinion, adequate accounting records have been kept by the Project, so far as appears from the examination of those records; and
- iii. The Project's financial statements agree with the accounting records and returns.

Responsibilities of Management and those Charged with Governance

Management is responsible for the preparation and fair presentation of these financial statements in accordance with International Public Sector Accounting Standards (Cash Basis) and for maintaining effective internal controls as Management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error and for its assessment of the effectiveness of internal controls, risk management and overall governance.

In preparing the financial statements, Management is responsible for assessing the Project's ability to continue to sustain its services, disclosing, as applicable, matters related to sustainability of services and using the applicable basis of accounting unless Management is aware of the intention to terminate the Project or to cease operations.

Management is also responsible for the submission of the financial statements to the Auditor-General in accordance with the provisions of Section 47 of the Public Audit Act, 2015.

In addition to the responsibility for the preparation and presentation of the financial statements described above, Management is also responsible for ensuring that the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities which govern them, and that public resources are applied in an effective way.

Those charged with governance are responsible for overseeing the Project's financial reporting process, reviewing the effectiveness of how Management monitors compliance with relevant legislative and regulatory requirements, ensuring that effective processes and systems are in place to address key roles and responsibilities in relation to overall governance and risk management, and ensuring the adequacy and effectiveness of the control environment.

Auditor-General's Responsibilities for the Audit

The audit objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion in accordance with the provisions of Section 48 of the Public Audit Act, 2015 and submit the audit report in compliance with Article 229(7) of the Constitution. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISSAIs will always detect a material misstatement and weakness when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

In addition to the audit of the financial statements, a compliance audit is planned and performed to express a conclusion about whether, in all material respects, the activities, financial transactions and information reflected in the financial statements are in compliance with the authorities that govern them and that public resources are applied in

an effective way, in accordance with the provisions of Article 229(6) of the Constitution and submit the audit report in compliance with Article 229(7) of the Constitution.

Further, in planning and performing the audit of the financial statements and audit of compliance, I consider internal controls in order to give an assurance on the effectiveness of internal controls, risk management and overall governance processes and systems in accordance with the provisions of Section 7(1)(a) of the Public Audit Act, 2015 and Submit the audit report in compliance with Article 229(7) of the Constitution. My consideration of the internal controls would not necessarily disclose all matters in the internal control that might be material weaknesses under the ISSAIs. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions.

Because of its inherent limitations, internal controls may not prevent or detect misstatements and instances of non-compliance. Also, projections of any evaluation of effectiveness to future periods are subject to the risk that controls may become inadequate because of changes in conditions, or that the degree of compliance with the policies and procedures may deteriorate.

As part of an audit conducted in accordance with ISSAIs, I exercise professional judgement and maintain professional skepticism throughout the audit. I also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for my opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the Management.
- Conclude on the appropriateness of the Management's use of the applicable basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Project's ability to continue to sustain its services. If I conclude that a material uncertainty exists, I am required to draw attention in the auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify my opinion. My conclusions are based on the audit evidence obtained up to the date of my audit report. However, future events or conditions may cause the Project to cease to continue to sustain its services.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

- Obtain sufficient appropriate audit evidence regarding the financial information and bus liness activities of the Project to express an opinion on the financial statements.
- Perform such other procedures as I consider necessary in the circumstances.

I communicate with the Management regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal controls that are identified during the audit.

I also provide Management with a statement that I have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on my independence, and where applicable, related safeguards.

CPA Nancy Gathungu, CBS AUDITOR-GENERAL

10. SIGNIFICANT ACCOUNTING POLICIES

The principal accounting policies adopted in the preparation of these financial statements are set out below:

10.1 Statement of compliance and basis of preparation

The financial statements have been prepared in accordance with Cash-basis IPSAS financial reporting under the cash basis of accounting, as prescribed by the PSASB and set out in the accounting policy note below. This cash basis of accounting has been supplemented with accounting for; a) receivables that include imprests and salary advances and b) payables that include deposits and retentions. The financial statements comply with and conform to the form of presentation prescribed by the PSASB.

The accounting policies adopted have been consistently applied to all the years presented.

10.2 Reporting entity

The financial statements are for Horn of Africa Gateway Development under National Government of Kenya. The financial statements encompass the reporting entity as specified in the relevant legislation PFM Act 2012.

10.3 Reporting currency

The financial statements are presented in Kenya Shillings (KShs), which is the functional and reporting currency of the Project and all values are rounded to the nearest Kenya Shilling.

10.4 Recognition of receipts

Horn of Africa Gateway Development recognises all receipts from the various sources when the event occurs, and the related cash has actually been received.

i) Transfers from the Exchequer

Transfer from Exchequer is be recognized in the books of accounts when cash is received. Cash is considered as received when payment instruction is issued to the bank and notified to the receiving entity.

ii) External Assistance

External assistance is received through grants and loans from multilateral and bilateral development partners.

iii) Other receipts

These include Appropriation-in-Aid and relates to receipts such as proceeds from disposal of assets and sale of tender documents. These are recognized in the financial statements at the time associated cash is received.

Annual Report and Financial Statements for the financial year ended June 30, 2022

Significant Accounting Policies (Continued)

Statements the time associated cash is received.

iv)Donations and grants

Grants and donations shall be recognized in the books of accounts when cash is received. Cash is considered as received when a payment advice is received by the recipient entity or by the beneficiary. In case of grant/donation in kind, such grants are recorded upon receipt of the grant item and upon determination of the value. The date of the transaction is the value date indicated on the payment advice.

v) Proceeds from borrowing

Borrowing includes Treasury bill, treasury bonds, corporate bonds, sovereign bonds and external loans acquired by the Project or any other debt the Project may take on will be treated on cash basis and recognized as a receipt during the year they were received.

vi)Undrawn external assistance

These are loans and grants at reporting date as specified in a binding agreement and relate to funding for the Project currently under development where conditions have been satisfied or their ongoing satisfaction is highly likely and the project is anticipated to continue to completion. An analysis of the Project's undrawn external assistance is shown in the funding summary

10.5 Recognition of payments

The Project recognises all payments when the event occurs, and the related cash has actually been paid out by the Project.

i) Compensation of employees

Salaries and Wages, Allowances, Statutory Contribution for employees are recognized in the period when the compensation is paid.

ii) Use of goods and services

Goods and services are recognized as payments in the period when the goods/services are consumed and paid for. If not paid for during the period where goods/services are consumed, they shall be disclosed as pending bills.

iii) Interest on borrowing

Borrowing costs that include interest are recognized as payment in the period in which they incurred and paid for.

iv)Repayment of borrowing (principal amount)

The repayment of principal amount of borrowing is recognized as payment in the period in which the repayment is made. The stock of debt is disclosed as an annexure to the consolidated financial statements.

Annual Report and Financial Statements for the financial year ended June 30, 2022

Significant Accounting Policies (Continued)

v) Acquisition of fixed assets

The payment on acquisition of property plant and equipment items is not capitalized. The cost of acquisition and proceeds from disposal of these items are treated as payments and receipts items respectively. Where an asset is acquired in a non-exchange transaction for nil or nominal consideration and the fair value of the asset can be reliably established, a contra transaction is recorded as receipt and as a payment.

A fixed asset register is maintained by each public entity and a summary provided for purposes of consolidation. This summary is disclosed as an annexure to the consolidated financial statements.

10.6 In-kind donations

In-kind contributions are donations that are made to the Project in the form of actual goods and/or services rather than in money or cash terms. These donations may include vehicles, equipment or personnel services. Where the financial value received for in-kind contributions can be reliably determined, the Project includes such value in the statement of receipts and payments both as receipts and as payments in equal and opposite amounts; otherwise, the contribution is not recorded.

10.7 Cash and cash equivalents

Cash and cash equivalents comprise cash on hand and cash at bank, short-term deposits on call and highly liquid investments with an original maturity of three months or less, which are readily convertible to known amounts of cash and are subject to insignificant risk of changes in value. Bank account balances include amounts held at the Central Bank of Kenya and at various commercial banks at the end of the financial year.

For the purposes of these financial statements, cash and cash equivalents also include short term cash imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year.

10.8 Restriction on cash

Restricted cash represents amounts that are limited/restricted from being used to settle a liability for at least twelve months after the reporting period. This cash is limited for direct use as required by stipulation. Amounts maintained in deposit bank accounts are restricted for use in refunding third part deposits.

10.9 Imprest and Advances

For the purposes of these financial statements, imprests and advances to authorised public officers and/or institutions which were not surrendered or accounted for at the end of the financial year is treated as receivables. This is in recognition of the government practice where the imprest payments are recognized as payments when fully accounted for by the imprest or AIE holders. This is an enhancement to the cash accounting policy. Other accounts receivables are disclosed in the financial statements.

Annual Report and Financial Statements for the financial year ended June 30, 2022

Significant Accounting Policies (Continued)

10.10 Contingent Liabilities

A contingent liability is:

- a) A possible obligation that arises from past events and whose existence will be confirmed only by the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the entity; or
- b) A present obligation that arises from past events but is not recognised because:
 - (i) It is not probable that an outflow of resources embodying economic benefits or service potential will be required to settle the obligation; or
 - (ii) The amount of the obligation cannot be measured with sufficient reliability.

Some of contingent liabilities may arise from: litigation in progress, guarantees, indemnities. Letters of comfort/ support, insurance, Public Private Partnerships, The Entity does not recognize a contingent liability but discloses details of any contingencies in the notes to the financial statements unless the possibility of an outflow of resources embodying economic benefits or service potential is remote.

Annex 5 of this financial statement is a register of the contingent liabilities in the year.

10.11 Contingent Assets

The Entity does not recognize a contingent asset, but discloses details of a possible asset whose existence is contingent on the occurrence or non-occurrence of one or more uncertain future events not wholly within the control of the Entity in the notes to the financial statements. Contingent assets are assessed continually to ensure that developments are appropriately reflected in the financial statements. If it has become virtually certain that an inflow of economic benefits or service potential will arise and the asset's value can be measured reliably, the asset and the related revenue are recognized in the financial statements of the period in which the change occurs.

10.12 Pending bills

Pending bills consist of unpaid liabilities at the end of the financial year arising from contracted goods or services during the year or in past years. As pending bills do not involve the payment of cash in the reporting period, they recorded as 'memorandum' or 'off-balance' items to provide a sense of the overall net cash position of the Project at the end of the year. When the pending bills are finally settled, such payments are included in the statement of receipts and payments in the year in which the payments are made.

10.13 Budget

The budget is developed on a comparable accounting basis (cash basis), the same accounts classification basis (except for accounts receivable - outstanding imprest and clearance accounts and accounts payable - deposits, which are accounted for on an accrual basis), and for the same period as the financial statements. The Project's budget was approved as required by Law and National Treasury Regulations, as well as by the participating development partners, as detailed in the Government of Kenya Budget Printed Estimates for the year. The Development Projects are budgeted for under the MDAs but receive budgeted funds as transfers and account for them

Annual Report and Financial Statements for the financial year ended June 30, 2022

separately. These transfers are recognised as inter-entity transfers and are eliminated upon consolidation.

A high-level assessment of the Project's actual performance against the comparable budget for the financial year/period under review has been included in an annex to these financial statements.

10.14 Third party payments

Included in the receipts and payments, are payments made on its behalf by to third parties in form of loans and grants. These payments do not constitute cash receipts and payments and are disclosed in the payment to third parties column in the statement of receipts and payments.

During the year there were no loans disbursements received in form of direct payments from third parties or payment made on behalf of third parties.

10.15 Exchange rate differences

The accounting records are maintained in the functional currency of the primary economic environment in which the Project operates, Kenya Shillings. Transactions in foreign currencies during the year are converted into the functional currency using the exchange rates prevailing at the dates of the transactions. Any foreign exchange gains and losses resulting from the settlement of such transactions and from the translation at year-end exchange rates of monetary assets and liabilities denominated in foreign currencies are recognised in the statements of receipts and payments.

10.16 Comparative figures

Where necessary comparative figures for the previous financial year/period have been amended or reconfigured to conform to the required changes in financial statement presentation.

10.17 Subsequent events

There have been no events subsequent to the financial year/period end with a significant impact on the financial statements for the year ended June 30, 2022.

10.18 Prior period adjustments

Prior period adjustments relate to errors and other adjustments noted arising from previous year(s). Explanations and details of these prior period adjustments are presented in note 15 of these financial statements

Annual Report and Financial Statements for the financial year ended June 30, 2022
