DEFINITION OF TERMS

Disclaimer

A disclaimer is when the auditor is unable to fully review an entity's documentation because there is a substantial amount of information that is missing. The absence of information makes it hard and difficult for the Auditor General to make an opinion. In other words, the auditor feels unable to determine whether the situation is qualified or adverse because the paperwork is not adequate. This is a serious lapse in compliance and should be of concern to oversight bodies. A disclaimer indicates that the record keeping is so bad to the extent that the auditor cannot give an opinion.

Adverse Opinion

An adverse opinion is issued when the Auditor General is able to review the entity's documentation supplied for audit purposes and the final audit reveals problems that are widespread and pervasive and will require considerable changes to remedy. Oversight institutions are concerned to recommend remedies to address such anomalies and systems.

Qualified Opinion

This is as a result of the Auditor General finding some problems that are not widespread or persistent with documentation and information supplied. The auditor received all the information required for the audit. However, after review the audit reveals there are some gaps in adherence and compliance to legal procedures.

Unqualified Opinion

This arises when the Auditor General is satisfied with documentation presented for review. It implies that there are no major problems with documentation and information that were presented for assessment and the funds are managed properly.

PREFACE

Mr. Speaker Sir,

Committees are a creation of the Constitution through Article 124(1) of the Constitution which empowers each House of Parliament to establish Committees and make Standing Orders for the orderly conduct of its proceedings, including the proceedings of its Committee.

INTRODUCTION

Mr. Speaker Sir,

The Senate Committee on County Public Accounts is the avenue through which the Senate under the provisions of Article 96(3) of the Constitution carries out the post scrutiny of County Governments Budgets.

Mr. Speaker Sir,

This report contains 47 County Assemblies reports for the financial year 2023/2024 that were considered and adopted by the Committee.

Mr. Speaker Sir,

At its meeting held on 4th March 2025, the Committee resolved to consider the reports of the Auditor General for the 47 County Executives and 47 County Assemblies. Taking into account the constitutional timeliness provided for in Article 229(8) and owing to limited time, the Committee requested the Clerks of the 47 County Assemblies to submit written management responses within 7 days from the date of receipt of a letter from the Clerk of the Senate. The Committee resolved to adopt the Auditor General's Reports for the 45 County Assemblies as were tabled. The Committee noted that two county Assemblies; Homa bay and Migori County Assemblies had adverse opinion and as a result the Committee considered and adopted reports for the two county assemblies attached herein.

Mr. Speaker Sir,

The County Public Accounts Committee being a Select Committee, the Committee was constituted at the commencement of the Fourth Session in February, 2025 pursuant to Senate Standing Order 193(4) which requires Public Accounts Committee constituted immediately after a general election shall serve for a period of three sessions and that constituted thereafter shall serve for the remainder of that term of Parliament. Therefore, the committee commenced its sitting on February ,2025

Mr. Speaker Sir,

This report contains 47 County Assemblies reports for the Financial Year 2023/2024 which was considered and adopted by the Committee.

The Committee examined the reports of the Auditor-General on the financial statements for 47 County Assemblies for financial year 2023/2024 and identified various fiduciary risks.

During the years under review, some of the County Assemblies considered under this report had challenges with submission of documents to the auditors for verification during the audit exercise. The Committee noted that County Assemblies did not avail relevant supporting documents to the Auditor-General during the audit exercise, with only some managing to provide them at a later date. The non-provision of documents therefore, left the entities unable to support expenditures of substantial amount of funds. Further, the county assemblies had weak record management systems thus casting doubts on the suitability and qualifications of staff.

Mr. Speaker Sir,

The reports also revealed that County Assemblies were not able to apply proper accounting practices as stipulated by the Public Sector Accounting Standards Board. Financial statements presented for audit verification exhibited various weaknesses including failure to do regular reconciliations, variances between financial statements and IFMIS balances; payment details and trial balance among other inconsistencies. This resulted in inadequate reporting and presented an inaccurate position of the financial position of the county assemblies.

The reports further showed that a number of County Assemblies had weaknesses in executing their budgets. The County entities did not adhere to their approved budget ceilings set for programs, votes and sub-votes. Thus, there was over-utilization or under-utilization of appropriated funds. The Committee noted that the main cause for under-utilization of budgets was delay in exchequer releases from the National Treasury thereby hampering program implementation and budget execution.

The reports also revealed that some County Assemblies abused the imprest process, from the request, approval, surrender and recovery. Imprests remained outstanding after their due dates of surrender, contrary to the provisions of Regulation 93 (5) of the Public Finance Management (County Governments) Regulation, 2015 which requires temporary imprest holders to account for or surrender imprests within seven days upon returning to their duty stations. Further, Management breached Regulations 93(6) by failing to recover the outstanding imprests from the salaries of the defaulters.

Mr. Speaker Sir,

During the years under review, the Committee noted that majority of the County Assemblies interrogated had not properly updated their assets registers despite the Inter-Governmental Technical Relations Committee (IGTRC) having handed over their report, hence exposing county assets to risk of loss, waste and misuse.

Regarding human resource issues, the Audit reports revealed the following:

- i. that some County staff were earning less than a third of their basic pay;
- ii. Some County Assemblies were still processing salaries and other benefits outside the Integrated Payroll and Personnel Database (IPPD); and
- iii. A number of County Assemblies did not meet the threshold on ethnic inclusivity stipulated under Section 7(2) of the National Cohesion and Integration Act, 2008.

The Committee further observed that County Assemblies did not take action on the issues raised in the report of the Auditor General for previous financial years. This therefore implied that a number of recommendations proposed by the OAG were not implemented thus some audit queries had recurred for several financial years.

Mr. Speaker Sir,

On internal controls, risk management and governance, the Committee noted that a number of county entities had not established Audit Committees contrary to Paragraph 167 of the PFM (County Government) Regulations, 2015. Further, the entities did not have Risk Management policies, Disaster Recovery Plan, ICT Policy and Business Continuity Plan to help prevent and mitigate against risks. This is contrary to Section 158(1) of the Public Finance Management (County Government) Regulation 2015 which requires the County Government entities to develop risk management strategies which include fraud prevention mechanisms and a system of risk management and internal control that builds robust business operations.

In addition to the general observations and recommendations on cross cutting issues across the County Assemblies interrogated and captured in the report, this report details further observations and recommendations for specific audit queries for the respective County Assemblies.

GENERAL OBSERVATIONS AND RECOMMENDATIONS

The Committee observed that the reports of the Auditor General considered had recurring audit issues across a number of County Assemblies. Consequently, the Committee identified the following general observations and recommendations –

1. Lack of an updated fixed assets register

Committee Observation

The Committee observed that a number of the County Assemblies:-

- a) had not updated their Fixed Assets Register;
- b) had not adopted the report of the Inter-Governmental Relations Technical Committee on assets and liabilities inherited from the defunct local authorities. This has affected the correct statement of the assets and liabilities of the entities.

Committee Recommendations

The Committee therefore recommends that:

- 1. County entities should update and present their Fixed Assets Register in the format prescribed by the Public Sector Accounting Standards Board;
- County entities should adopt and implement the report of the Inter-Governmental Technical Relations Committee (IGTRC) on assets and liabilities from defunct Local Authorities and provide a status update to the Office of the Auditor General within 90 days of adoption of this Report; and
- 3. Office of the Auditor General should progressively review and report on the matter in the subsequent Financial Years.

2. Payment to the Society of Clerks at the Table (SOCATT) and County Assemblies Forum(CAF)

Committee Observation

The Committee noted that county assemblies made payments to the Society of Clerks at the Table (SOCATT) and County Assemblies Forum (CAF) were irregular and unlawful.

Committee Recommendation

The Committee recommends that the irregular payments to the Society of Clerks at the Table (SOCATT) and County Assemblies Forum (CAF) be stopped and further recommends the surcharge of any accounting officer who continues to make the irregular contribution.

3. Delay in submission of documents Committee Observation

The Committee noted that the County assemblies did not submit relevant documents to the Auditor General during the audit exercise contrary to the Section 62 of the Public Audit Act, 2015.

Committee Recommendation

The Committee recommends that the Clerk of the County Assembly undertakes administrative action(s) against the responsible officer(s) who fails to provide documents to the auditors in accordance with section 156 of the Public Finance Management Act, 2012 and provide a status report to the Office of the Auditor General within sixty (60) days from the adoption of this report. Where such failure has led to a Adverse or Disclaimer opinion, the Committee recommends the sanctions outlined in Section 62(2) of the Public Audit Act, 2015.

4. Pending bills

Committee Observations

- the accumulated pending bills in Counties have significantly affected service providers in the counties leading to closure of businesses, stalling of county projects, adversely affecting economic growth in counties, service delivery and ultimately slowing down the country's economic growth;
- that most of the service providers in the counties are battling court cases lodged against
 them by their financiers and suppliers while others are languishing in poverty
 exacerbated by the increased cost of living, with increased mental health disease
 incidences and others dying as a result of the effects of colossal amounts of debt owed
 to them by county governments;

Committee Recommendations

The Committee therefore recommends that:

- 1. that all County Governments pay verified pending bills amounting to less than Ksh. 1 billion by the end of this financial year and those above Ksh.1 billion by the end of the financial year 2024/2025; and
- 2. Resolves that
 - i. pursuant to the provisions of Regulation 41(2) & (3) of the Public Finance Management (County Governments) Regulations, 2015, County Governments prepare and submit to the Controller of Budget, a payment plan, prioritizing payment of pending bills as a first charge on the County Revenue Fund, failure to which the subsequent quarter budget releases will not be done;
 - ii. the Controller of Budget takes into consideration the efforts made by a county government to clear inherited pending bills when approving exchequer releases;
 - iii. County Governments shall only pay pending Bills contained in their respective procurement plans pursuant to Regulation 50 (2) & (3) of the Public Finance Management (County Governments) Regulations;

- iv. Supplementary budgets for county governments are prepared in the 3rd Quarter to curb instances of arbitrary re-allocations out of the approved budget estimates;
- v. County governments, in consultation with the Controller of Budget, to provide a budget for completion of all existing projects and that initiation of new projects to cease until completion of the existing projects; and
- vi. County governments shall conduct public participation while formulating supplementary budgets, failure to which the Controller of Budget (CoB) shall not approve the supplementary budgets.

5. Budget Control and performance

Committee Observation

The Committee observed that the county assemblies did not receive exchequer releases from the National Treasury on time. These challenges hampered budget implementation in the affected county entities.

Committee Recommendation

The Committee recommends that The National Treasury should ensure timely release of funds to county governments in line with the cash disbursement schedules approved by the Senate.

6. Outstanding imprests

Committee Observations

The Committee noted that the County entities had substantial amounts of outstanding imprest by the close of financial year contrary to Regulations 93(5) of the Public Finance Management (County Government) Regulations, 2015 which requires a holder of a temporary imprest to account for the imprest within seven days after returning to duty station.

Committee Recommendation

The Committee recommends that the Accounting Officer(s) recover the outstanding imprests with interest as per provisions Regulation 93 (6) of the Public Finance Management (County Governments) Regulations, 2015.

The Committee further recommends sanction and surcharge of Accounting Officers who fail to recover outstanding imprests in line with Regulation 93(7) of the PFM (County Government) Regulations, 2015.

7. Lack of ethnic diversity in staff establishment

Committee Observations

The Committee observed that -

- a) There was no ethnic diversity among employees of county assemblies as employees were mainly drawn from the dominant community in the county; and
- b) Due to the homogeneous ethnographic population in most counties, it may not be feasible for them to attain the threshold provided under Section 7(2) of the National Cohesion and Integration Act, 2008 which states that no public establishment shall have more than one third of the staff from the same ethnic community.

Committee Recommendations

The Committee therefore recommends that:

- 1. The County Assembly should work progressively towards attaining the requirement of the provisions of Section 65(1) (e) of County Government Act on ethnic inclusivity; and
- 2. The Standing Committee on NCEORI to explore legal amendments to ensure progressive compliance with section 65(1)(e) of County Government Act, 2012.

8. Non-compliance with the One Third Basic Salary Rule Committee Observation

The Committee observed that some of the county staff were earning less than a third of their basic pay contrary to Section 19 (3) of the Employment Act 2007.

Committee Recommendations

The Committee therefore recommends that -

- 1. The county entities should configure their IPPD system such that it is able to lock out commitments beyond the accepted thresholds; and
- 2. The Auditor General should continue monitoring the issue in subsequent audit cycles.

9. Prior Year Issues

Committee Observation

The Committee observed that County entities did not take action on issues raised in the Report of the Auditor General for previous financial years even where the reports has been considered by the Committee and a report tabled and adopted by the Senate.

Committee Recommendation

The Committee recommends that the County entities should strictly comply with Section 53 of the Public Audit Act, 2015 by taking action on the issues raised by the Auditor General.

10. Failure to establish an Audit Committee

Committee Observations

The Committee observed that in a number of the entities considered, management had not established audit committees to provide oversight on the financial and other operations of their financial affairs as required under Section 167(1) of Public Finance Management (County Governments) Regulation, 2015. In the circumstances, Management is in breach of the law.

Committee Recommendation

The Committee recommends that the county entities should expedite establishment of audit committees to enhance oversight over public resources and provide a status report to the Auditor General within sixty (60) days from the adoption of this report.

11. Lack of a Risk Management Policy

Committee Observations

The committee noted that a number of county entities did not have a risk policies framework in place. The committee further observed that lack of risk prevention mechanism may expose the entities to various form of risks.

Committee Recommendation

The Committee recommends that the Accounting Officer for all county entities should put in place a risk management policy and disaster recovery plan within sixty (60) days from the adoption of this report and submit the same to the Auditor General.

The committee further recommends that the Auditor General to closely monitor the development, documentation and communication of these policies within the county entities in the subsequent audit cycles.

Follow Up for Each County Assembly

Most of the issues raised by the Auditor-General in her report were not adequately addressed. The Senate therefore needs to ensure that the issues are addressed to ensure that public funds entrusted to the County Executives and the County Assemblies are sufficiently accounted for and that there is no loss due to impropriety.

The Senate also needs to ensure that the law is adhered to in the planning and expenditure of public funds and hold those who breach the law accountable for their unlawful actions.

Therefore, the Committee recommends follow up on the recommendations made in this report to ensure that all issues raised by the Auditor-General in her report are adequately addressed.

Therefore, the Committee recommends to the Senate to resolve that the Committee;

- i. undertakes an inquiry into the issues raised by the Auditor-General to ensure that all the issues raised are adequately addressed;
- ii. conducts visits and inspect all projects highlighted by the Auditor-General in her report to confirm the status and verify any information that may ensue to address the issues raised in the report; and
- iii. follows up on the issues raised by the Auditor-General to ensure that all officers who may have taken part in the misappropriation of funds or any other breach of law are properly investigated and, where found culpable, prosecuted in a court of law.

The Committee further recommends that the relevant accounting officers shall within three months after Parliament has considered and made recommendations on the audit report take the relevant steps to implement the recommendations of parliament on the report of the Auditor-General and give explanations in writing to the Parliament on why the report has not been acted upon.

ACKNOWLEDGEMENTS

The Committee appreciates the Office of the Auditor General, The National Treasury, the Controller of Budget and the Ethics and Anti-Corruption Commission for the support they offered to the Committee especially in providing references on various issues under consideration.

The Committee wishes to acknowledge the support it received from the Office of the Speaker and the Clerk of the Senate during the consideration of the Auditor-General's Reports for county governments. The Committee further appreciates the cooperation it received from the Governors who appeared before the Committee.

Final appreciation goes to the distinguished and dedicated members of the Committee and the Secretariat who actively participated and facilitated the proceedings of the Committee meetings.

Mr. Speaker Sir,

I wish to confirm that the resolutions of the Committee in this report were unanimous.

Mr. Speaker Sir,

It is therefore my pleasant duty and privilege, on behalf of the County Public Accounts Committee to table this report and commend it to the House for debate and adoption pursuant to the provisions of the Senate Standing Order 223(6).

NYAMIRA COUNTY EXECUTIVE FOR FINANCIAL YEAR 2023/2024, THE RECEIVER OF REVENUE STATEMENT AND THE COUNTY REVENUE FUND FOR FINANCIAL YEAR 2023/2024

The Committee considered and noted the contents of Committee Paper No. 12 (Meeting with the County Executive of Nyamira).

The Auditors from the hub raised concern, informing the Committee that management responses were submitted late; hence they were not ready to proceed and guide the Committee.

The Committee displayed its displeasure owing to the fact the management responses were submitted to auditor, the very day the Governor was meant to appear before the Committee.

Consequently, the Committee was informed that the County Assembly has not been able to consider the Auditor-General Reports, noting that the management responses were sort by the County Assembly, but were not submitted as sort.

After deliberations the Committee resolved to-

- Reschedule the meeting to a later date that will be communicated to the Governor in due course to respond to the audit issues raised in the aforementioned reports.
- ii) Do a special inquiry on the Governance of Nyamira, and confirm whether the approvals were done within the law.
- iii) The Office of the Auditor-General to undertake a special audit on the financial statements of the Reports of the Auditor-General on the Financial Statements of the Nyamira County Executive for Financial Year 2023/2024, the Receiver of Revenue Statement and the County Revenue Fund for Financial Year 2023/2024.
- iv) The Committee further directed the management to resubmit the management responses that are clear, legible with no ambiguity to the auditor and Senate.

The Committee urged the County executive and the County Assembly of Nyamira to come together and provide leadership in working towards achieving a common goal aimed at improving the lives of the people of Nyamira County.

MIN. NO. SEN/CPAC/050/2025 ANY OTHER BUSINESS
