CHAIRPERSON'S FOREWORD

The County Governments Additional Allocations Bill (Senate Bills No. 8 of 2026) is a critical component of the intergovernmental fiscal framework established under Article 202 of the Constitution and Section 191 of the Public Finance Management Act. The Bill provides for the transfer of additional allocations from the National Government and development partners to county governments in the Financial Year 2026/27 to finance priority programmes, strengthen service delivery, and support the implementation of national development priorities at the county level.

The Bill was passed by the Senate and referred to the National Assembly for consideration in accordance with Article 110(4) of the Constitution. The Bill was committed to the Budget and Appropriations Committee for consideration and reporting to the House. In examining the Bill, the Committee reviewed the legal and policy framework governing additional allocations, the proposed allocations to county governments, and their consistency with the approved FY 2026/27 Budget Estimates.

The Bill provides for additional allocations to county governments from both the National Government and development partners to support interventions in healthcare, agriculture, urban development, climate resilience, water and sanitation, housing, devolution, and other strategic sectors. These allocations are expected to strengthen county capacity to deliver devolved functions, improve infrastructure and service delivery, promote climate resilience, enhance food security, and accelerate the realization of the Bottom-Up Economic Transformation Agenda.

On behalf of the Budget and Appropriations Committee, I wish to express my sincere appreciation to the Members of the Committee for their dedication, commitment, and valuable contributions during the consideration of the Bill. I also wish to thank the Office of the Speaker, the Office of the Clerk of the National Assembly, and the Parliamentary Budget Office for the technical and administrative support provided to the Committee throughout the consideration of the Bill.

It is therefore my pleasant duty and privilege, on behalf of the Budget and Appropriations Committee, to present this Report on the County Governments Additional Allocations Bill, 2026 (Senate Bills No. 8 of 2026), and recommend its approval by the House.

SIGNED

....

HON. SAMUEL ATANDI, CBS, M.P.

CHAIRPERSON, THE BUDGET AND APPROPRIATIONS COMMITTEE

.....................29.07.2026.....................

DATE

1. PREFACE

1.1. Establishment and Mandate of the Committee

1. Article 221 (4 and 5) of the Constitution and Section 7 of the Public Finance Management Act, Cap 412A, provide for the establishment of a Committee of the National Assembly whose main role is to take the lead in budgetary oversight by the National Assembly. Pursuant to this provision, Standing Order 207 establishes the Budget and Appropriations Committee with specific mandates, among which is to:

   i. Investigate, inquire into, and report on all matters relating to the coordination, control, and monitoring of the national budget;
   ii. Discuss and review the budget estimates and make recommendations to the House;
   iii. Examine the Budget Policy Statement presented to the House;
   iv. Examine bills related to the national budget, including appropriation bills;
   v. Evaluate tax estimates, economic and budgetary policies, and programmes with direct budget outlays; and
   vi. Examine the Division of Revenue Bill.

1.2. Membership of the Committee

2. Pursuant to Standing Order 207(2), the Budget and Appropriations Committee, as currently constituted, comprises the following Honourable Members:

CHAIRPERSON
Hon. Atandi, Samuel Onunga, CBS, M.P.
Alego Usonga Constituency
ODM PARTY

VICE CHAIRPERSON
Hon. (Dr.) Robert Pukose, CBS, M.P.
Endebess Constituency
UDA PARTY

MEMBERS

Hon. Chumel, Samwel Moroto, M.P.
Kapenguria Constituency
UDA PARTY

Hon. (Dr.) Adan Wehliye Keynan, CBS, M.P.
Eldas Constituency
Jubilee Party

Hon. Mulu, Makali, PhD, CBS, M.P.
Kitui Central Constituency
WDM – Kenya

Hon. Ochieng, David Ouma, M.P.
Ugenya Constituency

UDA Party

2. OVERVIEW OF THE COUNTY GOVERNMENTS ADDITIONAL ALLOCATION BILL, 2026

2.1. Background

5. The County Governments Additional Allocation Bill is prepared pursuant to Articles 190(1) and 202(2) of the Constitution. Article 202(2) empowers the National Government to provide county governments with additional allocations from its share of revenue, either conditionally or unconditionally. Article 190(1) further mandates Parliament to enact legislation that ensures county governments receive the support necessary to discharge their functions effectively.

6. Preparation of the Bill is undertaken by the National Treasury and the draft Bill is submitted to Parliament together with the Budget Policy Statement (BPS) in accordance with Section 191 of the Public Finance Management Act (Cap. 412A). Specifically, Section 191(3A) requires that the Bill specifies all additional allocations to county governments from the National Government's share of revenue, together with the conditions attached to those allocations.

7. The Bill was published on 16th March, 2026 and read a First Time on 2nd April, 2026 in the Senate. The Senate considered the Bill and passed it with amendments on 17th June, 2026. Subsequently, the Bill was referred to the National Assembly for consideration pursuant to Article 110 (4) of the Constitution. The Bill was Read a First Time in the National Assembly on 30th June, 2026 and committed to the Budget and Appropriations Committee in line with standing order 127(1) of the National Assembly Standing Orders.

8. The Bill as passed by the Senate is organized into ten Clauses and three Schedules. Clauses 1 and 2 provide for the title and the interpretation of terms used in the Bill, while Clauses 3 to 6 set out the specific descriptions and access criteria for allocations in the Bill across different schedules and columns. Clauses 7 to 10 establish the governance framework for implementing the programmes, with particular attention to accounting, reporting and the maintenance of fiscal discipline.

2.2. Highlights of the County Governments Additional Allocation Bill

9. The Bill proposes to allocate a total of Ksh.72.26 billion as additional funding to counties in FY 2026/27. This allocation comprises the following: Ksh.1.98 billion from Court Fines and 20% Share of Mineral Royalties (First Schedule), Ksh.16.46 billion from the National Government's Share of Revenue under various projects (Second Schedule), and Ksh.53.82 billion from Proceeds of Loans and Grants from Development Partners for various programmes (Third Schedule).

10. **Court Fines:** The Bill has a proposed allocation of Ksh.148.26 million from court fines. These allocations comprise proceeds from court fines arising from the enforcement of county legislation, including by-laws relating to hawking, waste management, public health, parking, and other county regulatory functions. The allocation benefits 29 counties. The largest allocations are to Nairobi City County (Ksh.72.9 million), Machakos (Ksh.19.2 million), Mombasa (Ksh.14.2 million), and Uasin Gishu (Ksh.13.9 million), reflecting their relatively higher levels of urbanization, economic activity, and enforcement of county laws. The variation in allocations across counties is largely attributable to differences in the scope of county legislation, enforcement capacity, and the volume of regulatory offences recorded.

11. **Mineral Royalties:** The Bill proposes an allocation of Ksh.1.83 billion as the 20 percent share of mineral royalties payable to county governments pursuant to Section 183(5)(b) of the Mining Act, 2016. Under Section 183 of the Act, the National Government is required to remit 20 percent of all mineral royalties collected from mining activities in a county to the respective county government. The proposed allocation represents a decline of 37.5 percent from the Ksh.2.9 billion allocated in FY 2025/26, suggesting a reduction in mineral royalty collections during the period. The decrease may be attributable to lower mineral production, changes in international commodity prices, or fluctuations in royalty payments from mining operations.

12. The number of beneficiary counties with active mining activities has remained relatively stable at approximately 30 counties. The largest allocations are to Kwale (Ksh.804.3 million), Kajiado (Ksh.310.3 million), Kilifi (Ksh.240.8 million), Nandi (Ksh.121.5 million), and West Pokot (Ksh.103.8 million), each receiving more than Ksh.100 million, reflecting the concentration of commercial mining activities in these counties. In addition, Kisumu, West Pokot, Machakos, Migori, and Nandi recorded notable increases in mineral royalty allocations compared to the previous financial year.

13. **Community Health Promoters:** This allocation is meant for the payment of stipends to Community Health Promoters (CHPs) who are lay health workers deployed at the community level to support primary healthcare. Currently, the programme is engaging approximately 107,831 CHPs across the 47 counties, with each receiving a monthly stipend of Ksh.5,000, which is equally co-funded by both the national and county governments. The allocation is based on the estimated number of Community Health Promoters per county. Nairobi City County has the highest CHP allocation of Ksh.224,010,000, followed by Kakamega -Ksh.127,500,000 and Bungoma –

Ksh.107,400,000. The smallest allocation is to Lamu County -Ksh.14,520,000, which is consistent with its small population.

14. **Construction of the county headquarters Project:** This project covers five county governments that inherited inadequate administrative facilities in FY 2013/14 and has been ongoing for the past eight years. The allocation per county in FY 2026/27 is as follows: Isiolo - Ksh.158.8 million, Lamu - Ksh.71.6 million, Tana River - Ksh95.3 million, Tharaka Nithi -Ksh.30.5 million and Nyandarua - Ksh.166.8 million.

15. **County Aggregation and Industrial Parks:** The Bill proposes an allocation of Ksh.3.25 billion for the County Aggregation and Industrial Parks (CAIPs) programme. The allocation is shared equally among 13 beneficiary counties, with each county receiving Ksh.250 million from the National Government. The programme is implemented under a co-financing model, which requires each participating county government to provide a matching contribution of Ksh.250 million, resulting in a total investment of Ksh.500 million per county.

16. However, during approval of the FY 2026/27 budget estimates, the allocation to the CAIPs was rationalized to first focus on the provision of critical enabler infrastructure such as water connection, electricity, aggregation machines and access roads to the already completed CAIPs. Without these essentials, the intended agro-industries cannot effectively operate for value addition and value chain development, potentially rendering the parks underutilized or non-operational despite physical completion.

17. **County Affordable Housing Committees**: The Bill proposes an allocation of Ksh.365.9 million to support the administrative operations of the Rural and Urban Affordable Housing Committees. The allocation is shared equally among the 47 counties, with each county receiving Ksh.7.8 million in accordance with Section 11(4)(c) of the Affordable Housing Act, which requires the Affordable Housing Board to allocate 0.5 percent of the Affordable Housing Fund to facilitate the administration of county committees.

18. **Transitioning UHC Workers**: The Bill proposes an allocation of Ksh.8.61 billion to support the transition of Universal Health Coverage (UHC) workers from contractual and stipend arrangements to permanent and pensionable terms under county governments, effective July 2026. The allocation is intended to facilitate the integration of these health workers into the county public service workforce in line with the Government's Universal Health Coverage agenda.

19. **Settlement of the Arbitral Award of Meru County Government**: The Bill proposes an allocation of Ksh.480.75 million to settle the outstanding arbitral award against the Meru County Government arising from the 2019 ruling on the wrongful eviction of Leopard Rock Mico Limited from Meru National Park. As of May 2026, the County Government had paid Ksh.200 million, leaving an outstanding principal balance and accrued interest. While the National Treasury had initially committed to settle only the outstanding principal balance of Ksh.139.1 million, the Senate revised the allocation to Ksh.480.75 million to cover both the remaining principal and accrued interest. Notably, no provision has been made for this allocation in the approved FY 2026/27 Budget Estimates.
20. **Kenya Informal Settlements Improvement Project (KISIP II)**: The Bill proposes an allocation of Ksh.400 million for the Kenya Informal Settlements Improvement Project (KISIP II), financed through a loan from the French Development Agency (AfD), to support improvements in basic infrastructure and institutional capacity in informal settlements. However, the State Department for Housing and Urban Development has proposed revising the allocation upwards to Ksh.720 million, utilizing an additional Ksh.320 million available in the approved FY 2026/27 budget estimates.
21. **Building Resilient and Responsive Health Systems (BREHS) Programme**: The Bill proposes an allocation of Ksh.2.48 billion for the BREHS Programme, financed through a loan from the International Development Association (IDA) of the World Bank, to strengthen community health services and improve the operations of Level 2 and Level 3 health facilities. The allocation is distributed through three components: the Fourth Basis Allocation Index (Ksh.1.55 billion) shared among all 47 counties, the Reproductive, Maternal, Newborn, Child, and Adolescent Health (RMNCAH) Index (Ksh.541.8 million) allocated to 10 counties, and the Refugee Intervention (Ksh.387 million) allocated to Garissa and Turkana.
22. **Financing Locally Led Climate Action (FLLoCA) – CCRI Grant Programme:** The Bill proposes an allocation of Ksh.7.39 billion under the FLLoCA–CCRI Grant Programme, comprising Ksh.1.2 billion from KfW (German Development Bank) for 16 counties and Ksh.6.19 billion from the World Bank (IDA) for 45 counties. Access to the grants is conditional upon counties meeting the programme's eligibility and performance requirements, including allocating at least 1.5 percent of their development budget to the County Climate Change Funds to support the implementation of County Climate Action Plans.

23. **Food Systems Resilience Project (FSRP)**: The Bill proposes an allocation of Ksh.3.9 billion for the Food Systems Resilience Project (FSRP), financed through a loan from the World Bank (IDA), to strengthen food systems in 13 participating counties through value chain development, post-harvest management, and climate-smart agriculture. Beneficiary counties are required to provide a counterpart contribution of Ksh.5 million each.

24. **National Agricultural Value Chain Development Project (NAVCDP):** The Bill proposes an allocation of Ksh.3.5 billion for the NAVCDP, financed through a loan from the World Bank (IDA), to support the development of competitive agricultural value chains and the integration of smallholder farmers into commercial markets in 34 counties. Under the project, 32 counties will each receive Ksh.105 million, while Nairobi and Mombasa will each receive Ksh.70 million. Beneficiary counties are required to provide a counterpart contribution of Ksh.5 million each. However, the approved FY 2026/27 Budget Estimates allocate only Ksh.3.3 billion, leaving the programme underfunded by Ksh.200 million.

25. **Kenya Urban Support Project (KUSP II) – Urban Institutional Grant (UIG)**: The Bill proposes an allocation of Ksh.954.7 million for the KUSP II Urban Institutional Grant (UIG), financed by the World Bank (IDA), to strengthen urban planning and governance in 45 counties (excluding Nairobi and Mombasa). The grant supports the establishment and operationalization of urban institutions and is allocated based on counties' performance in the Annual Performance Assessment. However, the State Department for Housing and Urban Development has proposed revising the allocation downward to Ksh.944.7 million and separating the allocation into Loan Revenue (Ksh.684.7 million) for 45 counties and Grant Revenue (Ksh.260 million) for Garissa and Turkana, requiring corresponding amendments to the Bill.

26. **Kenya Urban Support Project (KUSP II) – Urban Development Grant (UDG)**: The Bill proposes an allocation of Ksh.16.7 billion for the KUSP II Urban Development Grant (UDG), financed by the World Bank (IDA), to support infrastructure development in 79 urban areas across 45 counties. The grant is performance-based, with allocations determined by the 2019 Population Census and Annual Performance Assessment (APA) results. However, the State Department for Housing and Urban Development has proposed increasing the allocation to Ksh.19.8 billion and separating it into Grant and Loan components in the Bill. A review of the approved FY 2026/27 Budget Estimates indicates that the project has been allocated only Ksh.17.2 billion against a requirement of Ksh.20.75 billion, leaving an underfunding gap of Ksh.3.59 billion.

27. **Kenya Livestock Commercialization Project (KeLCoP)**: The Bill proposes an allocation of Ksh.378.73 million for the Kenya Livestock Commercialization Project (KeLCoP), financed through a loan from the International Fund for Agricultural Development (IFAD). The project will be implemented in 10 counties and aims to increase the incomes of livestock-keeping and pastoralist households through livestock value chain commercialization. Allocations are based on the aridity levels of participating counties, ward-level project coverage, and approved Annual Work Plans and Budgets.

28. **Drought Resilience Programme in Northern Kenya (DRPNK)**: The Bill proposes an allocation of Ksh.853.6 million for the Drought Resilience Programme in Northern Kenya (DRPNK), financed by KfW (German Development Bank). The allocation comprises a loan component of Ksh.308.0 million for Marsabit County and a grant component of Ksh.545.6 million for Turkana County, in line with the financing agreement between the Governments of Kenya and Germany. The programme aims to strengthen drought resilience and climate adaptation through investments in infrastructure and pastoral livelihoods.

29. **Integrated Natural Resources Management Programme (INReMP)**: The Bill proposes an allocation of Ksh.812.4 million for the Integrated Natural Resources Management Programme (INReMP), financed through a loan from the International Fund for Agricultural Development (IFAD). The programme will be implemented in 10 counties, each receiving Ksh.81.24 million, to promote sustainable management of land, water, and forest resources while enhancing food and nutrition security, particularly for women, youth, and vulnerable communities in the Cherangany Hills and Mau West water towers.

30. **Kenya Devolution Support Programme II (KDSP II) – Level I Grant:** The Bill proposes an allocation of Ksh.1.76 billion for the Kenya Devolution Support Programme II (KDSP II) Level I Grant, financed by the World Bank (IDA). The grant is shared equally among the 47 counties, with each county receiving Ksh.37.5 million, subject to meeting minimum governance and institutional conditions, including budget transparency, approved work and cash plans, satisfactory audit outcomes, and timely transfer of funds from the County Revenue Fund to the Special Purpose Account.

31. **Kenya Devolution Support Programme II (KDSP II) – Level II Grant**: The Bill proposes an allocation of Ksh.7.76 billion for the Kenya Devolution Support Programme II (KDSP II) Level II Grant, financed by the World Bank (IDA). The grant supports county investments in infrastructure and service delivery and is allocated to all 47 counties based on performance. Fifty percent of the allocation is determined by a county's Annual

Performance Assessment score, while the remaining 50 percent is based on performance against the programme's Disbursement Linked Indicators (DLIs).

32. **Kenya Water, Sanitation and Hygiene (K-WASH) Programme**: The Bill proposes an allocation of Ksh.4.28 billion for the Kenya Water, Sanitation and Hygiene (K-WASH) Programme, financed by the World Bank (IDA). The programme will be implemented in 19 counties, including the refugee-hosting counties of Turkana and Garissa, to improve access to safe water and sanitation, eliminate open defecation, and enhance access to water.

33. **Kenya Watershed Services Improvement Project (KEWASIP)**: The Bill proposes an allocation of Ksh.1.8 billion for the Kenya Watershed Services Improvement Project (KEWASIP), financed by the World Bank (IDA). The project will be implemented in 12 counties, with each county receiving Ksh.150 million, to promote sustainable land and watershed management and support community livelihood improvement through grant financing.

3. COMMITTEE OBSERVATIONS AND RECOMMENDATIONS

3.1. Committee Observations

34. The Committee made the following observations:

    i. County governments continue to benefit from conditional allocations financed through proceeds of loans and grants from development partners. In FY 2026/27, the Bill proposes conditional allocations amounting to Ksh.53.82 billion, comprising financing from various development partners for implementing projects across the forty-seven (47) counties. However, the committee is concerned that the disbursement and utilization of these funds has consistently been delayed due to some county governments' failure to comply with the conditions required for the transfer of the allocations. Consequently, this has undermined timely project implementation, slowed service delivery, and reduced the absorption of externally financed resources.

    ii. Conditions underpinning the access to development partners' funds require counties to transfer money received from the National Government to the Special Purpose Account. However, some counties are diverting funds from their respective special purpose accounts to cover other expenditures. These actions violate the terms of the Intergovernmental Participation Agreements.

    iii. The Bill proposes an allocation of Ksh.3.25 billion to thirteen (13) counties for the construction of County Aggregation and Industrial Parks. However, during the consideration and approval of the FY 2026/27 Budget Estimates, the National Assembly redirected these funds towards the equipping and operationalization of completed but non-operational agro-processing industries in sixteen (16) counties that had previously benefited from the programme.

iv. The Bill allocates Ksh.480.75 million to Meru County to settle an arbitral award. However, this allocation is not provided for in the approved FY 2026/27 Budget Estimates, contrary to section 5(10) of the Act, which requires that all allocations proposed in the Bill be reflected in the National Government's Budget Estimates. Consequently, the proposed allocation lacks the requisite budgetary provision.

v. The Bill proposes an allocation of Ksh.850 million from the World Bank (IDA) for the Water and Sanitation Development Programme (WSDP). However, the Committee established that the entire allocation for the programme has already been transferred to the beneficiary counties and that the project is scheduled to close in October 2026. Consequently, no further allocation should be made to the programme in the FY 2026/27 County Governments Additional Allocations Bill.

vi. The Committee noted the request by the State Department for Housing and Urban Development to restructure the allocation for the Kenya Urban Support Project – Urban Institutional Grant by separating it into Loan Revenue of Ksh.684.7 million to be allocated to 45 county governments and Grant Revenue of Ksh.260 million to be allocated to Garissa and Turkana counties. The proposed restructuring is intended to align the financing of the project with the respective funding sources, reflecting the loan-financed and grant-financed components of the programme.

3.2. Committee Recommendations

35. Having deliberated on the provisions of the Bill and reviewed them against the approved budget estimates for FY 2026/27, the Committee made the following recommendations:

i. That, column D of the second schedule that provides for allocation of Ksh.3.25 billion to construction of County Aggregation Industrial Parks (CAIPs) be deleted from the bill;

ii. That, Column G of the second schedule that provides for allocation of Ksh. 480.75 million for settlement of the arbitral award of Meru County Government be deleted from the bill;

iii. That, Column H of the third schedule that provides for Ksh. 850 million from the IDA (World Bank) for the Water and Sanitation Development Programme be deleted from the bill;

iv. That, Column I and Column J of the third schedule be amended to reflect the loan-financing and grant-financing components of the programme.

SIGNED
